This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory**.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

PERFORMANCE LEVELS	PERFORMANCE TESTS		
	Lending Test*	Investment Test	Service Test
Outstanding			
High Satisfactory			
Low Satisfactory	X	X	X
Needs to Improve			
Substantial Noncompliance			
* The Lending Test is weighted more heavily than the Investment and Service Tests when arriving at an overall rating.			

The Lending Test is rated Low Satisfactory.

- Lending levels reflect good responsiveness to the credit needs of the assessment areas.
- A high percentage of loans are made in the institution's assessment areas.
- The geographic distribution of loans reflects adequate penetration throughout the assessment areas.
- The distribution of borrowers reflects excellent penetration among business and farm customers of different sizes and retail customers of different income levels.
- The institution exhibits an adequate record of serving the credit needs of the most economically disadvantaged areas, low-income individuals, and/or very small businesses, consistent with safe and sound banking practices.
- The institution has made an adequate level of community development loans.
- The institution uses innovative and/or flexible lending practices in order to serve assessment area credit needs.

The Investment Test is rated Low Satisfactory.

- The institution has an adequate level of qualified community development investments.
- The institution exhibits adequate responsiveness to credit and community development needs.
- The institution rarely uses innovative and/or complex investments to support community development initiatives.

The Service Test is rated Low Satisfactory.

- Delivery systems are reasonably accessible to essentially all portions of the institution's assessment areas.
- To the extent changes have been made, the institution's opening and closing of branches has generally not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and/or to low- and moderate-income individuals.
- Services, including business hours, do not vary in a way that inconveniences portions of the assessment areas, particularly low- and moderate-income geographies and/or individuals.
- The institution provides a relatively high level of community development services.

DESCRIPTION OF INSTITUTION

First International Bank & Trust is a full-service interstate financial institution headquartered in Watford City, North Dakota. The bank is wholly owned by Watford City Bancshares, Inc., a one-bank holding company based in Watford City. The bank received a “Satisfactory” CRA rating at its previous FDIC CRA Performance Evaluation dated August 3, 2020, based on Interagency Large Bank Institution Examination Procedures. The institution demonstrated satisfactory performance under the Lending, Investment, and Services tests at that evaluation.

First International Bank & Trust currently operates 28 offices throughout North Dakota, Arizona, Minnesota, and South Dakota. The South Dakota market is new and became part of the institution’s footprint in March 2021 when it acquired SoDak Home Loans, a mortgage broker company based in Sioux Falls. That same year, the institution entered the Minneapolis-St. Paul, Minnesota market when it opened an office in Edina, which resulted in a new assessment area in Minnesota. Overall, the bank opened five offices (Mandan, North Dakota; Moorhead and Edina, Minnesota; and Sioux Falls, South Dakota (2) and closed five offices (Bowdon, Fargo, and Williston, North Dakota; Moorhead, Minnesota; and Sioux Falls, South Dakota) since the previous evaluation. Additional details on branch changes are included in the applicable assessment area sections. Aside from the aforementioned changes, no other changes, such as merger or acquisition activities, have occurred since the previous evaluation.

The institution offers a variety of credit products, including commercial, agricultural, home mortgage, and consumer loans. While these loans are offered in all of the assessment areas, the lending focus varies slightly by market. Nonetheless, commercial loans continue to represent the primary business line of the institution, followed by home mortgage lending. Agricultural lending is a focus in some markets, particularly in the nonmetropolitan areas. The bank also offers loan products through government-sponsored programs and local agencies and sells home mortgage loans to secondary market investors. Generally, the bank’s participation in the aforementioned programs assists small businesses, small farms, and home mortgage borrowers, including low- and moderate-income persons. Details are presented in the Lending Test under the Innovative or Flexible Lending Practices section of this evaluation. The institution also offers a full line of traditional deposit services, including checking and savings accounts and certificates of deposit. Alternative banking services include internet and mobile banking, bill payment, mobile check deposit and mobile wallet, electronic periodic statements, person-to-person transfers, and prepaid cards. Finally, the institution offers insurance and wealth management products in some of its offices.

As of March 31, 2023, the institution reported total assets of \$4.9 billion, total loans of \$4.0 billion, and total deposits of \$4.3 billion. Since the previous evaluation, assets, loans, and deposits grew 18.8, 40.1, and 21.1 percent, respectively. Examiners did not identify any impediments that affect the bank’s ability to meet the credit needs of its assessment areas. The following table illustrates the bank’s loan portfolio. However, it does not include home mortgage loans originated by the bank and subsequently sold to secondary market investors.

Loan Portfolio Distribution as of 3/31/2023		
Loan Category	\$(000s)	%
Construction, Land Development, and Other Land Loans	543,428	13.5
Secured by Farmland	238,489	5.9
Secured by 1-4 Family Residential Properties	599,450	14.8

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires financial institutions to identify one or more assessment areas within which its CRA performance will be evaluated. First International Bank & Trust has designated 10 assessment areas throughout North Dakota, Arizona, Minnesota, and South Dakota. The Sioux Falls, SD MSA and the Hennepin County Minnesota assessment areas are new since the previous evaluation. The following table provides further information on the assessment areas, including the number of census tracts in each assessment area based on 2015 American Community Survey (ACS) and 2020 U.S. Census Bureau (Census) data. Both sets of data are presented and referenced throughout this evaluation since the bank's performance spans two sets of census data. Activities related to 2021 and prior years uses data from the 2015 ACS whereas activities for 2022 and beyond uses data from the 2020 Census. The number of branches noted in the table reflects the number of offices as of the evaluation date.

Ratings are assigned to the Fargo, ND-MN MSA, as well as the states of North Dakota, Arizona, Minnesota, and South Dakota. Refer to the rated areas and individual assessment areas for additional information.

Description of Assessment Areas				
Assessment Area	Counties in Assessment Area	# of CTs (2015 ACS)	# of CTs (2020 Census)	# of Branches

SCOPE OF EVALUATION

General Information

This evaluation covered the period from the prior evaluation dated August 3, 2020, to the current evaluation dated July 10, 2023. Examiners used Interagency Large Institution Examination Procedures to evaluate First International Bank & Trust's CRA performance using the Lending, Investment, and Service tests. The criteria for the tests are outlined in the Appendices. The tests are used to determine the bank's overall rating as well as its ratings in the Fargo, ND-MN MSA and the states of North Dakota, Arizona, Minnesota, and South Dakota. Banks must achieve at least a Low Satisfactory rating under the Lending Test to obtain an overall Satisfactory rating.

Examiners reviewed all of the assessment areas using full-scope examination procedures. The greatest weight was given to the bank's performance in North Dakota, followed by performance in the Fargo, ND-MN MSA, when arriving at conclusions. This is because the majority of the lending, deposit, and branch activity occurs in these rated areas, as indicated by the following table, which reflects the distribution of 2021 reported loans, deposits, and branches within each rated area. Performance in Arizona and Minnesota were given equal but lesser weight, while performance in South Dakota was given the least weight. This evaluation includes some investment activity of an affiliate, Stenehjem Holdings, LLC, as requested by the institution.

Rated Area Breakdown of Loans, Deposits, and Branches			
Rated Area	% Reported Loans (by #)	% Deposits (by \$)	% Branches (by #)
Fargo, ND-MN MSA	19.8	27.0	16.1
North Dakota	56.0	59.5	54.8
Arizona	9.7	10.8	12.9
Minnesota	9.0	2.7	9.7
South Dakota	5.5	0.0	6.5
Total	100.0	100.0	100.0
<i>Source: 2021 CRA Loan Register (LR) and HMDA LAR; FDIC Summary of Deposits (6/30/2021); Bank Data (12/31/2021)</i>			

Activities Reviewed

Examiners determined that the bank's primary product lines include commercial and home mortgage lending, followed by agricultural lending. This conclusion considered Consolidated Reports of Condition and Income data, the number and dollar volume of reported loans during the evaluation period, and the bank's business strategy.

This evaluation considered all small business and small farm loans reported under CRA data collection requirements for 2020, 2021, and 2022. For small business lending, the bank reported 3,606 loans totaling \$475.6 million in 2020; 3,254 loans totaling \$450.0 million in 2021; and 1,980 loans totaling \$371.4 million in 2022. For small farm lending, the bank reported 1,110 loans totaling \$130.0 million in 2020; 1,758 loans totaling \$133.5 million in 2021; and 1,094 loans totaling \$123.2 million in 2022. In addition, examiners reviewed home mortgage loans reported on the bank's 2020, 2021, and 2022 Home Mortgage Disclosure Act (HMDA) Loan Application Registers (LARs). For home mortgage lending, the bank reported 2,023 loans totaling \$656.0 million in 2020; 2,310 loans totaling \$1.0 billion in 2021; and 1,904 loans totaling \$706.8 million in 2022.

CRA aggregate lending data for 2020 and 2021, as well as D&B data for 2020, 2021, and 2022 provided a standard of comparison for the small business and small farm loans reviewed. HMDA aggregate lending data for 2020 and 2021, as well as 2015 ACS and 2020 U.S. Census data provided a standard of comparison for the home mortgage loans reviewed. Examiners placed more weight on the comparisons to the aggregate lending data since it is typically a better indicator of market conditions and loan demand. In general, examiners did not identify any trends between the two years of CRA and HMDA data that materially affected conclusions. Therefore, only 2021 small business, small farm, and home mortgage data is presented for the Geographic Distribution and Borrower Profile criteria as this is the most recent year with available aggregate data.

For the Lending Test, examiners analyzed the institution's lending activity, assessment area concentration, geographic distribution of loans, and borrowers' profile. Community development lending activities as well as product innovation were also reviewed. Small business lending received the most weight in drawing overall conclusions since commercial loans represent the institution's primary business focus. The secondary lending focus of the institution is home mortgage loans, while agricultural lending was given the least weight since it is a focus only in select markets. However, loan product weighting varied slightly by assessment and rated area. Additional details can be found in the Scope of Evaluation section for each rated area. Finally, examiners did not evaluate consumer loans since they represent only a small percentage (2.1 percent) of the overall loan portfolio, by dollar volume, and the bank opted to forego collecting data on these loans.

Community development lending, qualified investments, and community development services were considered from the prior evaluation dated August 3, 2020, through the current evaluation dated July 10, 2023. Furthermore, investments that were made before the prior evaluation, and that remain outstanding, are included at the current book values as prior period investments. The Investment Test also included an analysis of the institution's responsiveness to opportunities for qualified investments, as well as the use of any innovative or complex investments.

For the Service Test, examiners analyzed community development services, the innovativeness of the services, including whether they serve low- or moderate-income customers in new ways or serve groups of customers not previously served, and the degree to which they serve low- or moderate-income areas or individuals. Examiners also considered the institution's record of opening and closing branch offices, the hours of operations, and the accessibility and use of alternative systems for delivering retail banking services in low- and moderate-income geographies and to low- and moderate-income individuals.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test. This is consistent with the bank's performance in North Dakota; the Fargo, ND-MN MSA, and Arizona. Performance in Minnesota and South Dakota was good; however, these areas were given less weight than North Dakota and the Fargo ND-MN MSA when drawing conclusions.

Lending Activity

Lending levels reflect good responsiveness to the credit needs of the assessment areas. The institution is an active lender, originating or purchasing a significant volume of small business, small farm, and home mortgage loans. Based on 2021 CRA aggregate data, First International Bank & Trust ranked 13th, by number, out of 337 lenders for originating small business loans in the combined assessment areas. Similarly, 2021 HMDA aggregate data reflects the bank as ranking 54th out of 1,169 lenders by number for originating or purchase home mortgage loans. In regards to small farm lending, the bank ranked 1st, by number, out of 65 lenders in 2021, capturing 19.6 percent of the market share.

First International Bank's average net loan-to-deposit ratio was 82.5 percent over the 11 most recent calendar quarters ending March 31, 2023. The average net loan-to-deposit ratio does not represent all lending activity as a significant volume of home mortgage loans are sold to secondary market investors and not reflected on the institution's balance sheet. This activity included 3,514 home mortgage loans totaling approximately \$922.5 million between August 2020 and March 2023. Secondary market lending is responsive to the credit needs of the assessment areas as it provides long-term home mortgage financing, which further supports an overall good record of responsiveness.

Assessment Area Concentration

A high percentage of loans are made in First International Bank & Trust's assessment areas, which demonstrates the bank's willingness to meet the credit needs of the assessment areas. Details are presented in the following table.

Lending Inside and Outside of the Assessment Area										
Loan Category	Number of Loans				Total #	Dollar Amount of Loans \$(000s)				Total \$(000s)
	Inside		Outside			Inside		Outside		
	#	%	#	%		\$	%	\$	%

Source: Bank Data; Due to rounding, totals may not equal 100.0%										

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment areas. Conclusions regarding the bank's overall lending performance are consistent with the conclusions for all rated areas with the exception of Minnesota, in which the bank's performance was good. Emphasis under the Geographic Distribution criterion is placed on the bank's record of lending in low- and moderate-income census tracts. Examiners reviewed only those loans extended within the assessment areas to perform this analysis. A complete discussion of the institution's geographic distribution lending performance can be found in the separate assessment area sections of this evaluation.

Borrower Profile

The distribution of borrowers reflects excellent penetration among business and farm customers of different sizes and retail customers of different income levels. Overall, conclusions are consistent with the conclusions in all of the rated areas. Examiners focused on the percentage by number of small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less and home mortgage loans to low- and moderate-income borrowers. Examiners reviewed only those loans extended within the assessment areas to perform this analysis. A complete discussion of the bank's borrower profile lending performance can be found in the separate assessment area sections of this evaluation.

Innovative or Flexible Lending Practices

First International Bank & Trust uses innovative and/or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies throughout its assessment areas. These include flexible lending programs offered through a variety of government-sponsored agencies such as the Farm Service Agency (FSA), Federal National Mortgage Association

(FNMA), and North Dakota Housing Finance Agency (NDHFA), and in response to the COVID-19 pandemic. Most of these flexible lending programs, with the exception of a few state- or market-specific programs, are offered in all of the assessment areas and are designed to assist borrowers who might not otherwise qualify for credit. They require extra effort and expertise by bank personnel and meet a defined need compared to conventional loans.

The bank also used innovative lending practices in response to economic hardships related to the pandemic. This was done through an informal no fee skip-a-payment program offered in 2020 and 2021 that allowed 37 commercial and consumer loan customers to defer their loan payments. In addition, the bank originated numerous loans through the Bank of North Dakota's (BND) Small Employer Loan Fund (SELF) and COVID-19 PACE Recovery (CPR) Programs, as well as the Small Business Administration's (SBA) Paycheck Protection Program (PPP), which assisted small business and farm operators struggling with the impact of the pandemic. The institution also participated in, and processed loans through the Federal Reserve Bank's (FRB) Main Street Lending Program, which benefited small- and medium-sized businesses impacted by the COVID-19 pandemic. Lastly, the bank provided some home mortgage payment deferments and fee waivers for nonsufficient funds (NSF). The following table reflects the institution's innovative and flexible lending activity.

Innovative or Flexible Lending Programs										
Type of Program	2020*		2021		2022		2023*		Totals

<i>Source: Bank Data; Due to rounding, totals may differ slightly; *Partial Year</i>										

Community Development Loans

First International Bank & Trust originated an adequate level of community development loans, which is consistent with the bank's performance in North Dakota, Arizona, and the Fargo, ND-MN MSA. Stronger performance was noted in South Dakota, while Minnesota's level of community development lending was low; however, both of these areas received less weight in drawing conclusions. Overall, the institution originated 39 community development loans totaling approximately \$154.9 million during the

evaluation period, which represents 3.2 percent of total assets. This ratio declined significantly since the previous evaluation, at which time community development loans represented 7.5 percent of total assets. Comparable bank ratios ranged from 2.7 to 8.7 percent. Similarly, the level of community development loans at the current evaluation represents 3.9 percent of net loans, which is also a significant decline from 10.7 percent at the prior evaluation. Comparable bank ratios of community development loans to net loans ranged from 4.5 to 13.3 percent. The bank's ratios for the prior and current evaluation period, as well as those of similarly situated institutions, include some COVID-related loans, such as PPP or CPR loans. Without these, the bank's ratios are still significantly lower than other institutions. Specifically, the bank's community development loans, excluding COVID-related loans, represents 2.0 percent of total assets whereas comparable institution's ratios range from 2.3 to 7.7 percent. The bank's community development loans to net loans, excluding COVID-related loans, is 2.4 percent compared to similarly situated institutions that ranged from 3.8 to 11.7 percent. Furthermore, performance evaluations generally cover a three-year period or longer; however, some of the comparable evaluations covered a shorter or longer period. Nonetheless, examiners considered this difference in assessing the bank's community development activities with similar institutions.

The following tables reflect the bank's responsiveness to community development lending opportunities by assessment area and by year. The three loans reflected as Regional represent those in which a portion of the loans benefited two or more assessment areas. Conversely, the loan reflected as OAA (outside the assessment areas) represents one loan that is outside of the bank's assessment areas, but is within a broader statewide or regional area and is included since the bank was responsive to community development lending activities in its assessment areas.

Community Development Lending by Assessment Area

INVESTMENT TEST

First International Bank & Trust demonstrated adequate performance under the Investment Test. This is primarily driven by the bank's performance in North Dakota, which was given the greatest weight. Performance in South Dakota and the Fargo, ND-MN MSA was consistent with this rating, and while performance in Arizona and Minnesota is good, these areas were given less weight.

Investment and Grant Activity

First International Bank & Trust has an adequate level of qualified community development investments and grants, although rarely in a leadership position, particularly those that are not routinely provided by private investors. The institution made or retained 139 qualified investments totaling approximately \$23.4 million during the evaluation period. Of these, 10 investments totaling approximately \$8.3 million are from the prior evaluation period that remain outstanding, 10 are newly purchased investments totaling approximately \$12.0 million, and 119 are donations totaling approximately \$3.1 million. Overall, the bank's total securities portfolio increased by 33.8 percent (by dollar volume) since the last evaluation, whereas qualified community development investment activity has decreased 40.6 percent by number and 5.9 percent, by dollar volume.

The volume of qualified investments represents 0.5 percent of total assets as of March 31, 2023, which is comparable to the performance of similarly situated institutions in which qualified investments ranged from 0.2 to 3.3 percent of total assets. Similarly, the volume of qualified investments represents 4.1 percent of total securities as of March 31, 2023, compared to similarly situated institutions in which this ratio ranged from 1.4 to 27.9 percent. Examiners included the total securities ratio strictly as a measurement since this comparison can vary between institutions based on investment strategies.

The following tables illustrate qualified investments by assessment area and by year. Those reflected as Regional represent investments, such as mortgage-backed securities, that benefit two or more of the bank's assessment areas. Rather than allocating these activities to multiple assessment areas, which would skew the number of investments made, examiners slotted the activity as Regional, which is similar to the method used at the previous evaluation. Investments reflected as OAA represent investments that do not directly benefit the bank's assessment areas, but are within a broader statewide or regional area and are included since the bank was responsive to community development investment activities in its assessment areas.

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs. This conclusion is supported by adequate responsiveness in the rated areas. Further details are located in the separate assessment area sections of this evaluation.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives. While the bank's investments are beneficial to the needs of the assessment areas, they are noncomplex and routinely provided by private investors.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test. This is consistent with performance throughout the rated areas, with the exception of North Dakota, and while performance in North Dakota was good and received the greatest weight, adequate performance in the other areas offset that performance.

Accessibility of Delivery Systems

First International Bank & Trust's delivery systems are reasonably accessible to essentially all portions of its assessment areas. The bank's service delivery systems include 28 offices and 61 ATMs located within its assessment areas, as well as alternative delivery methods. Nineteen of the ATMs accept deposits for First International Bank & Trust account holders. Since the last evaluation, the institution discontinued offering Interactive Teller Machines (ITMs). The ITMs offered standard ATM capabilities, but also provided access to a live teller during extended hours, and while the demand for the added service was limited, it does reduce the accessibility to all types of customers including low- and moderate-income individuals. The following table shows the overall distribution of branches and ATMs as of the evaluation date, as well as population by tract income level based on both the 2015 ACS and 2020 Census data.

Branch and ATM Distribution by Geography Income Level								
Tract Income Level	Census Tracts		Population		Branches		ATMs*	
	2015 ACS	2020 Census	2015 ACS	2020 Census	2015 ACS	2020 Census	2015 ACS	2020 Census

<i>Source: 2015 ACS & 2020 Census Data; Branch and ATM Data as of the evaluation date</i>								

The bank offers electronic delivery systems that include internet and mobile banking. Its website has general information on products and services offered and provides customers access to online banking services. Online banking services include the ability to open deposit accounts and apply for loans online, access account information, transfer between accounts, make loan payments, and send money using Zelle (person-to-person payments) or bill pay. Further, the bank implemented a tool that assists customers in tracking their deposits and spending. Mobile banking is also available for customers to access account information, transfer funds, make loan payments and deposits, and send money using Zelle or bill pay. Other alternative delivery systems offered include electronic statements, mobile wallet (contactless payments) and secure alerts (alert notification system). The bank also maintains a customer care center with extended hours beyond the typical branch lobby hours that allows customers to speak directly to a bank employee to assist with their banking needs. While these services are not targeted to low- and moderate individuals, they are available to all customers.

Changes in Branch Locations

The bank's record of closing branches has generally not adversely affected the accessibility of its delivery systems, particularly for low- and moderate-income geographies and/or individuals. Since the prior evaluation, the bank opened five full-service branches. Based on census data for the year in which the branches were opened, one was opened in a low-income census tract, one in a moderate-income geography, two in middle-income census tracts, and one in an upper-income geography. The bank also closed five full-service branches in 2023. Based on 2020 Census data, one of these was in a low-income census tract, one in a moderate-income geography, one in a middle-income census tract that was designated distressed and underserved, and two in upper-income geographies. Details are discussed in the separate assessment area sections.

Reasonableness of Business Hours and Services

Services, including business hours, do not vary in a way that inconveniences portions of the assessment areas, particularly low- and moderate-income geographies and/or individuals. Branch hours and services are convenient and reasonable in comparison to other financial institutions operating in the assessment areas. Furthermore, the bank has a customer care center that is open beyond lobby hours. Finally, First International Bank & Trust offers a wide variety of deposit and loan products, as well as other services, at all locations, some of which benefit low- and moderate-income individuals.

Community Development Services

First International Bank & Trust provides a relatively high level of community development services. Bank employees provided 154 instances of financial expertise or technical assistance to 47 community development organizations in the rated areas, the majority of which benefited North Dakota. The number of community development services has decreased 29.4 percent from the prior evaluation, at which time employees provided 218 instances of community development services. Some of the reduction is due to limited opportunity in conjunction with the COVID-19 pandemic, which primarily effected 2020 and 2021. Although the community development services are not particularly innovative, they demonstrate the bank's responsiveness to community development needs considering its resources, business strategy, competition, and available opportunities. Overall, the bank's level of community development services is similar to those of similarly situated institutions in which community development services ranged from 94 to 186 instances. The following tables illustrate the bank's community development services by assessment area and by year. Further details are located in the separate assessment area sections of the evaluation.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

FARGO, ND-MN MSA

CRA RATING FOR THE FARGO, ND-MN MSA: SATISFACTORY

The Lending Test is rated: Low Satisfactory

The Investment Test is rated: Low Satisfactory

The Service Test is rated: Low Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE FARGO, ND-MN MSA

This assessment area consists of Cass County, North Dakota, and Clay County, Minnesota, which comprises the entire Fargo, ND-MN MSA. The assessment area boundaries are unchanged from the prior evaluation; however, census tract income levels changed between the 2015 ACS and 2020 Census. Based on 2015 ACS data, the assessment area includes 12 moderate-, 24 middle-, 9 upper-income census tracts, and 1 census tract with no income designation. Census data from 2020 reflects the area as having 5 low-, 12 moderate-, 28 middle, and 15 upper-income geographies. The bank currently operates 4 offices in the assessment area, 3 of which are in North Dakota and 1 in Minnesota.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Fargo, ND-MN MSA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	46	0.0	26.1	52.2	19.6	2.2

Median Family Income - Fargo, ND-MN MSA		\$75,010	Median Housing Value			\$165,470
			Median Gross Rent			\$709
			Families Below Poverty Level			6.7%
Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 33.7 percent; followed by non-classifiable establishments at 18.6 percent; and finance, insurance, and real estate at 13.8 percent. The same data indicates that area businesses and farms are predominantly small operations with 90.0 percent operating from a single location and 61.9 percent of them employing less than 5 individuals.

The 2021 Federal Financial Institutions Examination Council (FFIEC)-estimated median family income level is used to analyze home mortgage loans under the Borrower Profile criterion as well as for community development activities. The low-, moderate, middle-, and upper-income categories for the Fargo, ND-MN MSA are presented in the following table.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$91,300)	<\$45,650	\$45,650 to <\$73,040	\$73,040 to <\$109,560	≥\$109,560
<i>Source: FFIEC</i>				

Competition

The financial services market is extremely competitive. According to June 30, 2022 FDIC Deposit Market Share data, 31 FDIC-insured financial institutions operate 97 offices within the MSA. Of these institutions, First International Bank & Trust ranked 2nd with a deposit market share of 12.4 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

The institution also faces significant competition for small business loans. To demonstrate the demand, examiners reviewed aggregate CRA data for 2021, which is the most recent available data. This data shows that 84 CRA data reporters collectively reported 7,578 small business loans within the assessment area. Of these institutions, First International Bank & Trust ranked 5th with 8.3 percent of the market share by number. The top 4 lenders collectively accounted for nearly half (48.1 percent) of the total market share, by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the assessment area.

There is also significant competition for home mortgage loans. In 2021, 228 HMDA-reporting institutions originated or purchased 14,063 home mortgage loans in the MSA. First International Bank & Trust ranked 7th with a 3.9 percent market share by number. The top 5 reporters collectively originated or purchased over 41.0 percent of total market share, by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Community Contact

As part of the evaluation process, examiners contact third parties active in the assessment area to assist in identifying credit needs. This information helps determine whether local financial institutions are responsive to these needs. It also shows what credit opportunities are available. For this evaluation, examiners reviewed an interview with a representative of an organization that promotes economic development in the area. The contact stated that the area's economy continues to be strong and growing due to the diversification between healthcare, education, agriculture, energy, and finance; however, the individual noted that the agricultural economy plays the most significant role in the area's economy. The contact also stated that the area struggles with a work force shortage, adding that 10 to 15 percent of the work force commute from outside the area. In regards to housing, the community contact noted a 4.0 percent vacancy rate in apartments, adding that a recent housing study indicated that 16,000 housing units are needed within the next 5 years based on the current growth of the area's population. The study also determined that housing costs in the area are now higher than the national average due to special property tax assessments. Nonetheless, the issue does not appear to have slowed down the housing demand. Overall, the contact stated that affordable housing and housing assistance are the primary credit needs in the area, as well as some sort of assistance for childcare providers, such as lower interest rates on loans to keep childcare costs down.

Credit and Community Development Needs and Opportunities

Examiners reviewed information from the community contact, bank management, and demographic and economic data to determine assessment area needs and opportunities and determined that commercial and home mortgage lending represent the primary credit needs of the assessment area. Community development needs are primarily related to economic development, affordable housing, and community services; however, there is a high level of competition for available opportunities.

SCOPE OF EVALUATION – FARGO, ND-MN MSA

Examiners reviewed small business and home mortgage lending. When analyzing performance, small business lending was given the greatest weight followed by home mortgage lending. Small farm lending was not reviewed since it is not a focus of the bank in this metropolitan area. Refer to the overall Scope of Evaluation section for additional information.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE FARGO, ND-MN MSA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test in the Fargo, ND-MN MSA. Performance under lending activity, geographic distribution, and community development lending primarily supports this conclusion. While borrower profile is excellent, it did not enhance the overall conclusion.

Lending Activity

The bank's lending activity reflects adequate responsiveness to the credit needs of the Fargo, ND-MN MSA. In 2021, the bank originated or purchased 1,193 small business, small farm, and home mortgage loans totaling \$313.7 million in the assessment area. This accounts for 19.8 percent of the total loans reviewed, by number, originated by the bank in 2021. In comparison, 27.0 percent of the bank's deposits were from the assessment area.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. The bank's adequate small business and home mortgage lending performance supports this conclusion.

Small Business Loans

The geographic distribution of small business loans reflects adequate penetration throughout the assessment area. As indicated in the following table, lending in the moderate-income census tracts is generally in-line with aggregate data. One of the bank's branches operates near a moderate-income geography; however, there are numerous financial institutions in close proximity that compete for business.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	29.1	27.7	130	20.8	25,810	21.5
Middle	35.0	33.8	178	28.5	25,441	21.2
Upper	35.4	38.3	314	50.2	68,695	57.2
Not Available	0.5	0.3	3	0.5	87	0.1
Totals	100.0	100.0	625	100.0	120,033	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

As depicted in the following table, the geographic distribution of home mortgage loans reflects adequate penetration throughout the assessment area. While the bank's performance lags comparable data, it is reasonable considering the significant home loan competition from financial institutions and mortgage companies in the area. Furthermore, the majority of moderate-income census tracts in this assessment area are within commercial districts rather than residential areas. Finally, this lending product is not a primary focus of the institution. Given this information, the geographic distribution of home mortgage loans is reasonable.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	14.8	11.2	43	7.9	7,205	3.8
Middle	50.9	38.5	148	27.2	32,670	17.1
Upper	33.7	49.7	350	64.3	150,810	78.9
Not Available	0.6	0.7	3	0.6	503	0.3
Totals	100.0	100.0	544	100.0	191,188	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Borrower Profile

The distribution of borrowers reflects excellent penetration among business customers of different sizes and retail customers of different income levels. The bank's excellent small business performance, which received the greatest weight in the analysis, primarily supports this conclusion. While the institution's adequate home mortgage lending was also considered, this was given less weight in drawing conclusions.

Small Business Loans

The distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data, as depicted in the following table.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	84.5	43.9	450	72.0	67,534	56.3
>\$1,000,000	5.3	--	171	27.4	51,699	43.1
Revenue Not Available	10.3	--	4	0.6	800	0.7
Totals	100.0	100.0	625	100.0	120,033	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

As shown in the following table, the distribution of borrowers reflects adequate penetration among low- and moderate-income borrowers when compared to aggregate data. The bank's performance of lending to low-income borrowers is lower than aggregate data, yet the bank's performance exceeds aggregate data for moderate-income borrowers. Given the high level of competition in this assessment area and the percent of families that live below the poverty level, the bank's performance is reasonable. Furthermore, 9.2 percent of the bank's reported loans were reported as "Not Available" which, in turn, skews the bank's performance of lending in all borrower income level categories. These loans reflect HMDA-reportable transactions that are not subject to income reporting requirements, such as multi-family dwellings, loans to non-natural persons, or purchased loans. Finally, home mortgage lending is not a primary focus of the institution.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low	18.8	7.6	33	6.1	5,133	2.7

Community Development Loans

First International Bank & Trust made an adequate level of community development loans in the Fargo, ND-MN MSA. The bank originated 15 community development loans totaling approximately \$41.2 million in the assessment area. Of these, 13 loans totaling approximately \$38.5 million were PPP or CPR loans. The remaining 2 loans promoted economic development initiatives, which is an identified need in the area. The level of community development lending by number decreased significantly since the previous evaluation; however, the decline in dollar volume was not significant. More specifically, the bank originated 27 community development loans totaling approximately \$55.6 million at the previous evaluation.

INVESTMENT TEST

First International Bank & Trust demonstrated adequate performance under the Investment Test in the Fargo, ND-MN MSA. This conclusion is primarily based on the adequate level of investment and grant activity and adequate responsiveness to community development needs.

Investment and Grant Activity

First International Bank & Trust has an adequate level of qualified community development investments and grants in the Fargo, ND -MN MSA. The bank made 10 qualified investments totaling \$129,000 in the assessment area. These were in the form of donations that promoted community service and economic development initiatives in the area. This represents a decline in the number and dollar volume of qualified investments at the prior evaluation at which time the bank had a poor level of qualified investments (17 investments totaling \$690,000). However, the number and dollar volume at the current evaluation does not include 3 Regional investments totaling \$1.6 million that, in part, benefited the assessment area by promoting affordable housing and community service efforts. With the additional investments, the level of qualified community development investment and grants is adequate.

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in the Fargo, ND -MN MSA, which is reflected through the bank's investments that support economic development and community services, both of which are identified community development needs in the area.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in the Fargo, ND-MN MSA. While changes in branch locations had a negative impact on the assessment area and community development services provided by bank personnel were significantly less than the prior evaluation, the other factors helped offset that performance.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank currently operates 4 offices (Fargo-2, West Fargo, Moorhead) within the MSA, 3 in middle-income geographies and 1 in an upper-income area based on 2015 ACS data. Using 2020 Census data as a reference, 1 branch is in a low-income geography, while 3 are in middle-income areas. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

The institution's opening and closing of branches has adversely affected the accessibility of its delivery systems, particularly in moderate-income geographies and/or to low- and moderate-income individuals. As indicated earlier, the bank closed its full-service office in north Fargo in May 2023. Based on 2020 Census data, the branch was located in a moderate-income geography. Furthermore, the bank's other branches are not in close proximity (between 4.5 to 11 miles), making it inconvenient or impossible for

some individuals to travel to conduct business, and while the bank has alternative delivery systems, these services are not available or accessible to everyone. Given this information, the branch closing likely had a negative impact to individuals in or near the moderate-income geography as well as individuals, some of which may be low or moderate income. The bank also closed a full-service branch in Moorhead, Minnesota, in February 2023; however, it reopened an office less than a mile away 3 days later. Both offices were located in a low-income geography at the time of this change.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies and/or individuals, and are consistent with the bank's overall performance. All services are available at the branch offices or through alternate delivery systems.

Community Development Services

The institution provides a limited level of community development services within the Fargo, ND-MN MSA. Five bank employees provided 7 instances of financial expertise or technical assistance to 3 different entities. The services were to organizations that promote community services and economic development. The level of activity has declined significantly from the prior evaluation, at which time the bank provided 35 instances of community development activity. Management attributed the decline to businesses and individuals not feeling comfortable with group gatherings in 2020 and 2021 due to the COVID-19 pandemic, as well as retirements and/or resignations of employees that previously held Board positions for organizations that would qualify under community development.

NORTH DAKOTA

CRA RATING FOR NORTH DAKOTA: SATISFACTORY

The Lending Test is rated: Low Satisfactory

The Investment Test is rated: Low Satisfactory

The Service Test is rated: High Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN NORTH DAKOTA

First International Bank & Trust maintains five assessment areas in North Dakota: 1) Bismarck, ND MSA, 2) Central North Dakota, 3) Grand Forks, ND-MN MSA, 4) Grant County North Dakota, and 5) Western North Dakota. The bank currently operates 16 offices throughout these assessment areas, excluding offerings in the separately-rated Fargo, ND-MN MSA. Details for the individual assessment areas are provided in subsequent sections.

SCOPE OF EVALUATION – NORTH DAKOTA

Examiners evaluated the bank's CRA performance for North Dakota through full-scope reviews of all of the assessment areas. The greatest weight was given to the Central and Western North Dakota assessment areas, followed by the Bismarck, ND MSA when drawing conclusions for the state. Lesser but equal weight was given to the remaining assessment areas in North Dakota. Examiners reviewed small business loans in all of the assessment areas since it is a lending focus for each area and the bank overall. Small farm loans were reviewed for the nonmetropolitan assessment areas (Central North Dakota, Grant County North Dakota, and Western North Dakota), but not for the Bismarck, ND MSA or the Grand Forks, ND-MN MSA since it is not a lending focus in the metropolitan areas. Finally, examiners reviewed home mortgage lending in all of the North Dakota assessment areas, with the exception of the Grant County Assessment Area since this is not a focus in that area. When analyzing performance, examiners gave the greatest weight to small business lending in the Central and Western North Dakota assessment areas. Small farm lending was given the greatest weight in the Grant County North Dakota assessment area. Home mortgage lending was given the least weight in the assessment areas. Refer to the overall Scope of Evaluation section for additional information.

CONCLUSIONS ON PERFORMANCE CRITERIA IN NORTH DAKOTA

LENDING TEST

First International Bank & Trust's Lending Test performance in North Dakota is adequate. This is consistent with the bank's performance in all of the North Dakota assessment areas, with the exception of the Central North Dakota Assessment Area in which lending performance was good.

Lending Activity

The bank's lending activity reflects adequate responsiveness to the credit needs in North Dakota. In 2021, the bank originated or purchased 3,369 small business, small farm, and home mortgage loans totaling \$483.1 million in this rated area. This accounts for 56.0 percent of the total loans reviewed, by number, in 2021. In comparison, 59.5 percent of the bank's deposits were from the rated area while 54.8 percent of the offices operate in North Dakota.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the North Dakota assessment areas. This is consistent with the bank's performance in all North Dakota assessment areas with the exception of the Central North Dakota Assessment Area, which had good penetration. In addition, this criterion was not evaluated for the Grant County North Dakota Assessment Area as there are no low- or moderate-income census tracts in this assessment area.

Borrower Profile

The distribution of borrowers reflects excellent penetration among business and farm customers of different sizes and retail customers of different income levels in North Dakota. This is consistent with the bank's performance in the Western and Central North Dakota assessment areas, which were given the greatest weight. Performance in the Bismarck, ND MSA was also excellent, while performance in the Grant County North Dakota Assessment Area and the Grand Forks, ND-MN MSA were good. However, these assessment areas received the least weight in North Dakota.

Community Development Loans

First International Bank & Trust made an adequate level of community development loans in North Dakota. This is consistent with performance in the Western North Dakota Assessment Area. However, no community development loans were originated in the Grant County North Dakota Assessment Area while a low level of community development loans were originated in the remaining North Dakota assessment areas. The institution originated 11 community development loans totaling approximately \$20.4 million in the North Dakota assessment areas. The loans primarily supported economic development and, to a lesser extent, promoted affordable housing and community service initiatives. The level of community development loans represents 13.1 percent, by dollar volume, of all community development loans originated by the institution. This is lower than the prior evaluation at which time community development loans in North Dakota represented 41.3 percent of all community development loans by dollar volume. However, these figures do not include loans originated at the Regional level that benefited two or more of the bank's assessment areas.

INVESTMENT TEST

First International Bank & Trust demonstrated adequate performance under the Investment Test in North Dakota, which is consistent with the performance in all of the North Dakota assessment areas, with the exception of the Bismarck, ND MSA in which performance was good.

Investment and Grant Activity

First International Bank & Trust has an adequate level of qualified community development investments and grants in North Dakota, the majority of which benefited the Western North Dakota Assessment Area, which received the greatest weight. The institution made 71 qualified investments totaling approximately \$7.2 million in its North Dakota assessment areas. This does not include 5 Regional investments totaling \$2.3 million that, in part, benefited two or more of the North Dakota assessment areas. The level of qualified investments at the current evaluation, with the additional 5 Regional investments, reflects a decrease in number and dollar volume from the previous evaluation at which time the bank had 131 qualified investments that totaled approximately \$13.4 million. Details regarding the level of qualified investment activity for each assessment area within North Dakota are provided under the individual assessment area sections.

<i>Source: Bank Data</i>										

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in North Dakota considering the available opportunities and investment capacity of the bank.

Community Development Initiatives

First International Bank & Trust rarely uses innovative or complex investments to support community development needs in North Dakota considering the available opportunities and investment capacity of the bank.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in North Dakota. This is consistent with the bank's performance in the Central and Western North Dakota assessment areas, as well as the Grant County North Dakota assessment area. Performance in the Bismarck, ND MSA and Grand Forks, ND-MN MSA reflects lower performance; however, it did not change the overall conclusion.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment areas in North Dakota, which is consistent with the bank's overall performance. Furthermore, alternative delivery systems described earlier provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

First International Bank & Trust's opening and closing of branches has not adversely affected the accessibility of its delivery systems within North Dakota, particularly in low- and moderate-income geographies and/or to low- and moderate-income individuals. Refer to the separate assessment area sections for additional information.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the North Dakota assessment areas, particularly low- and moderate-income geographies and/or individuals. This performance is consistent with the bank's overall performance.

Community Development Services

First International Bank & Trust provides a good level of community development services in North Dakota. The majority of the services were provided within the Central North Dakota Assessment Area, with a large volume in the Western North Dakota Assessment Area, both of which were given greater weight in assessing performance in North Dakota. As indicated in the Community Development Services table earlier in this document, bank employees provided 120 instances of community development services in North Dakota during the evaluation period. This represents a decrease from the prior evaluation, which included 142 community development services.

BISMARCK, ND MSA – Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE BISMARCK, ND MSA

This assessment area includes all of Burleigh, Morton, and Oliver counties in south central North Dakota, which comprises the Bismarck, ND MSA. The assessment area boundaries have not changed since the previous evaluation; however, census tract income levels changed between the 2 census years. According to 2015 ACS data, the assessment area consists of 4 moderate-, 19 middle-, and 2 upper-income census tracts. Census data from 2020 reflects the area as having 3 moderate-, 22 middle, and 2 upper-income geographies. The bank currently operates 2 offices in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Bismarck ND MSA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	25	0.0	16.0	76.0	8.0	0.0

Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 35.1 percent. Non-classifiable establishments represent the second largest portion at 16.3 percent followed by finance, insurance and real estate at 11.6 percent. The same data indicates that area businesses and farms are predominantly small operations with 89.5 percent operating from a single location and 65.6 percent of them employing less than 5 individuals.

The following table reflects the 2021 FFIEC-estimated median family income levels for the Bismarck, ND MSA, which are used in the Borrower Profile analysis.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$94,200)	<\$47,100	\$47,100 to <\$75,360	\$75,360 to <\$113,040	≥\$113,040
Source: FFIEC				

Competition

The Bismarck, ND MSA is highly competitive for financial services. According to June 30, 2022 FDIC Deposit Market Share data, 18 FDIC-insured financial institutions operate 58 offices within Burleigh, Morton, and Oliver counties. First International Bank & Trust ranked 8th with a deposit market share of 5.1 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

The institution also faces significant competition for small business loans as evidenced by 2021 aggregate CRA data, which shows that 64 CRA data reporters collectively reported 3,489 small business loans within the MSA. Of these institutions, First International Bank & Trust ranked 9th with 4.8 percent of the market share by number. The top 5 lenders collectively accounted for more than half (51.4 percent) of the total market share, by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the assessment area.

There is also significant competition for home mortgage loans. In 2021, 156 HMDA-reporting institutions originated or purchased 7,178 home mortgage loans in the MSA. First International Bank & Trust ranked 4th with a 3.9 percent market share by number. The top 3 reporters collectively originated or purchased 30.0 percent of total market share, by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Credit and Community Development Needs and Opportunities

Examiners reviewed demographic and economic data, as well as comments from bank management, and determined that commercial and home mortgage lending represent the primary credit needs of the assessment area. Community development needs are primarily related to economic development, affordable housing, and community services; however, there is a high level of competition for available opportunities.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE BISMARCK, ND MSA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test in the Bismarck, ND MSA. The bank's performance under lending activities and geographic distribution primarily supports this conclusion. While performance under borrower profile is excellent, these did not enhance the overall performance, but instead offset the low level of community development lending.

Lending Activity

The bank's lending activity reflects adequate responsiveness to the credit needs of the Bismarck, ND MSA. In 2021, the bank originated or purchased 472 small business, small farm, and home mortgage loans totaling \$119.4 million in the assessment area. This accounts for 7.8 percent of the total loans reviewed, by number, in 2021. In comparison, 8.1 percent of the bank's deposits were from the assessment area. The bank ranked 9th in market share for small business loans and 4th for home mortgage loans in this assessment area.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. This is primarily supported by the bank's adequate small business lending, which was given the greatest weight in drawing conclusions. The institution's good home mortgage lending was also considered, but given less weight in drawing conclusions.

Small Business Loans

The geographic distribution of small business loans reflects adequate penetration throughout the assessment area. As indicated in the following table, the bank's record of originating small business loans in the moderate-income geographies, by number, is comparable to demographic and aggregate data.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	18.8	19.9	28	16.8	4,881	20.2
Middle	72.0	69.7	107	64.1	16,075	66.7
Upper	9.2	10.4	32	19.2	3,152	13.1
Totals	100.0	100.0	167	100.0	24,108	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects good penetration throughout the assessment area. As indicated in the following table, the bank's record of originating home mortgage loans in moderate-income geographies in 2021, by number, exceeds aggregate data.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	12.0	8.0	29	10.3	17,288	18.6
Middle	79.7	76.4	205	72.7	55,852	59.9
Upper	8.3	15.5	48	17.0	20,037	21.5
Totals	100.0	100.0	282	100.0	93,177	100.0
Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Borrower Profile

The distribution of borrowers reflects excellent penetration among businesses of different sizes and retail customers of different income levels. The bank's excellent small business performance, which received the greatest weight in the analysis, supports this conclusion. While the institution's good home mortgage lending was also considered, this was given less weight in drawing conclusions.

Small Business Loans

The distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data, as depicted in the following table.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	84.8	47.3	142	85.0	17,277	71.7
>\$1,000,000	4.2	--	24	14.4	6,711	27.8
Revenue Not Available	10.9	--	1	0.6	120	0.5
Totals	100.0	100.0	167	100.0	24,108	100.0
Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Home Mortgage Loans

As reflected in the following table, the distribution of borrowers reflects good penetration among individuals of different income levels, including low- and moderate-income borrowers, when compared to aggregate data.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low	18.0	8.5	27	9.6	4,662	5.0
Moderate	18.9	21.0	77	27.3	17,105	18.4

Totals	100.0	100.0	282	100.0	93,177	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Community Development Loans

First International Bank & Trust made a low level of community development loans in the Bismarck, ND MSA. The institution originated 1 community development loan totaling approximately \$2.0 million that promoted community services to low- or moderate-income individuals, which is an identified credit need within the area. The level of community development lending decreased in number and dollar volume since the previous evaluation at which time the bank made 12 community development loans totaling approximately \$45.4 million.

INVESTMENT TEST

First International Bank & Trust demonstrated good performance under the Investment Test in the Bismarck, ND MSA. This conclusion is primarily based on the level of investment and grant activity.

Investment and Grant Activity

The bank has a significant level of qualified community development investments and grants in the assessment area. The bank made 7 qualified community development investments and grants totaling \$2.2 million during the evaluation period, all of which supported affordable housing and community service initiatives. These consisted of 2 prior period investments totaling \$2.2 million, as well as 5 smaller donations. This is a slight decrease in number and dollar volume from the prior evaluation in which the bank had 12 qualified investments totaling \$3.0 million. However, the number and dollar volume at the current evaluation does not reflect Regional investments that benefited a broader area, some of which includes this assessment area.

Responsiveness to Credit and Community Development Needs

The institution exhibits adequate responsiveness to credit and community development needs in the assessment area, which is reflected through the bank's qualified investments that supported affordable housing and community service initiatives, both of which were identified needs.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily considered innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in the Bismarck, ND MSA. Performance under the criterion described below collectively support this conclusion.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 2 branches (Bismarck, Mandan) in the Bismarck, ND MSA, both of which are in middle-income geographies according to 2015 ACS and 2020 Census data. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

The bank's record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly for low- and moderate-income geographies and/or individuals. The bank opened one branch (Mandan) in this assessment area in January 2022. According to 2020 Census data, it is located in, and surrounded by, middle-income geographies. As such, the bank's record of opening and closing branches has not impacted the accessibility of its delivery systems, particularly in moderate-income geographies and/or to low- and moderate-income individuals.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly moderate-income geographies and/or low- and moderate-income individuals, and are consistent with the bank's overall performance. All services are available at the branches throughout the assessment area.

Community Development Services

The institution provides an adequate level of community development services within the Bismarck, ND MSA. Three bank employees provided 6 instances of financial expertise or technical assistance to 2 different entities. The services were to organizations that promote community services and economic development initiatives. The number of instances is relatively similar to the prior evaluation, at which 8 instances were reported.

CENTRAL NORTH DAKOTA ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE CENTRAL NORTH DAKOTA ASSESSMENT AREA

This assessment area includes all of Benson, McHenry, Pierce, Sheridan, Ward, and Wells counties in north central North Dakota. The assessment area boundaries have not changed since the previous evaluation; however, census tract income levels changed between the 2 census years. According to 2015 ACS data, the assessment area consists of 1 low-, 4 moderate-, 16 middle-, and 3 upper-income census tracts. Census data from 2020 reflects the area as having 3 moderate-, 21 middle-, and 2 upper-income geographies. The bank currently operates 6 offices in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Central North Dakota Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	24	4.2	16.7	66.7	12.5	0.0

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 32.0 percent; followed by non-classifiable establishments at 13.6 percent; and retail trade at 11.0 percent. The same data indicates that area businesses and farms are predominantly small operations with 89.0 percent operating from a single location and 67.5 percent of them employing less than 5 individuals.

The following table reflects the 2021 FFIEC-estimated median family income levels for nonmetropolitan North Dakota, which are used in the Borrower Profile analysis.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$83,900)	<\$41,950	\$41,950 to <\$67,120	\$67,120 to <\$100,680	≥\$100,680

Competition

This assessment area is fairly competitive for financial services despite its rural nature. According to June 30, 2022 FDIC Deposit Market Share data, 17 FDIC-insured financial institutions operate 42 offices within the 6 counties described earlier. First International Bank & Trust ranked 2nd with a deposit market share of 17.5 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

There is also a fairly high level of competition for small business loans as evidenced by 2021 aggregate CRA data, which shows that 59 lenders collectively reported 2,104 small business loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 26.5 percent of the market share by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the nonmetropolitan area.

Similarly, the bank faces competition for small farm loans from other lenders and non-bank entities as evidenced by the 2021 aggregate CRA data. This data shows that 18 lenders collectively reported 1,146 small farm loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 34.5 percent of the market share by number.

Competition for home mortgage lending is fairly significant in the assessment area. In 2021, 120 HMDA-reporting institutions originated or purchased 3,424 home mortgage loans in the assessment area. First International Bank & Trust ranked 3rd with a 7.2 percent market share by number. The top reporters collectively originated or purchased more than 25.0 percent of total market share, by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Community Contact

Examiners reviewed a previously conducted interview with an individual representing an economic development organization in the assessment area. The contact indicated that the local economy is relatively strong and recovering from a decline caused by mandated business shutdowns prompted by the COVID-19 pandemic. The individual noted that commercial, agricultural, and home mortgage lending are the primary credit needs in the area. The contact also discussed various community development opportunities, primarily related to economic development, affordable housing, and revitalization and stabilization efforts. Overall, the contact indicated that local financial institutions have been responsive to the credit and community development needs and noted the level of competition in some communities.

Credit and Community Development Needs and Opportunities

Examiners reviewed demographic and economic data, as well as comments from the community contact and bank management, and determined that commercial, agriculture, and home mortgage lending represent the primary credit needs of the assessment area. Community development needs are primarily related to economic development, affordable housing, and revitalization and stabilization.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE CENTRAL NORTH DAKOTA ASSESSMENT AREA

LENDING TEST

First International Bank & Trust demonstrated good performance under the Lending Test in the assessment area. The bank's good performance under lending activity and geographic distribution primarily supports this conclusion. While the bank exhibited excellent performance under borrower profile, this performance was offset by the low level of community development lending.

Lending Activity

The bank's lending activity reflects good responsiveness to the credit needs of the assessment area. In 2021, the bank originated or purchased 1,199 small business, small farm, and home mortgage loans totaling \$152.0 million in this assessment area. This accounts for 19.9 percent of the total loans reviewed, by number, in 2021. In comparison, 17.7 percent of the bank's deposits were from the assessment area. First International Bank & Trust exhibited strong market performance in both small business and small farm lending, which were given greater weight than home mortgage lending. Specifically, the bank ranked 1st among all small business and small farm reporters according to 2021 aggregate data.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the assessment area. This is primarily supported by the bank's good small business lending, which was given the greatest weight in drawing conclusions. The institution's adequate small farm lending and good home mortgage lending were also considered, but given less weight in drawing conclusions.

Small Business Loans

The geographic distribution of small business loans reflects good dispersion throughout the assessment area. As noted in the following table, the bank's lending in the low-income census tract is similar to aggregate data and lending within the moderate-income geographies exceeds demographic and aggregate data.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Low	1.1	0.4	0	0.0	0	0.0
Moderate	6.4	8.2	53	9.5	3,461	5.9
Middle	77.4	75.2	426	76.3	46,145	78.5
Upper	15.1	16.2	79	14.2	9,203	15.6
Totals	100.0	100.0	558	100.0	58,809	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Small Farm Loans

The geographic distribution of small farm loans reflects adequate penetration throughout the assessment area when compared to aggregate and demographic data.

Geographic Distribution of Small Farm Loans						
Tract Income Level	% of Farms	Aggregate Performance % of #	#	%	\$(000s)	%
Low	0.4	1.4	0	0.0	0	0.0
Moderate	9.8	11.2	37	9.4	2,843	8.5
Middle	79.7	81.2	348	88.1	29,981	89.5
Upper	10.1	6.2	10	2.5	658	2.0
Totals	100.0	100.0	395	100.0	33,482	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects good penetration throughout the assessment area. As indicated in the following table, the bank did not originate any home mortgage loans in the low-income census tract; however, this is similar to aggregate performance. The bank's lending in moderate-income geographies exceeds aggregate data.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low	1.2	0.1	0	0.0	0	0.0
Moderate	6.9	1.8	13	5.3	2,328	3.9
Middle	74.1	74.2	191	77.6	45,677	76.5
Upper	17.8	23.9	42	17.1	11,695	19.6
Totals	100.0	100.0	246	100.0	59,700	100.0
Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Borrower Profile

The distribution of borrowers reflects excellent penetration among business and farm customers of different sizes and retail customers of different income levels. The bank's excellent small business and small farm lending performance supports this conclusion. While the bank's adequate home mortgage lending was also considered, this was given less weight in drawing conclusions.

Small Business Loans

The distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data, as depicted in the following table.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	82.6	54.6	474	84.9	38,569	65.6

Home Mortgage Loans

As shown in the following table, the distribution of borrowers reflects adequate penetration among low- and moderate-income borrowers as it generally mirrors aggregate data.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low	20.4	6.1	17	6.9	1,914	3.2
Moderate	19.0	18.8	48	19.5	8,578	14.4
Middle	23.0	21.9	66	26.8	15,705	26.3

Totals	100.0	100.0	246	100.0	59,700	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Community Development Loans

First International Bank & Trust made a low level of community development loans in the assessment area. The institution originated 3 community development loans totaling approximately \$5.9 million. Of these, 2 loans totaling approximately \$4.7 million were PPP or CPR loans. The 3rd loan promoted affordable housing initiatives in the area. The level of community development lending decreased significantly in number and dollar volume since the previous evaluation at which time the bank made 13 community development loans totaling approximately \$22.4 million.

INVESTMENT TEST

First International Bank & Trust demonstrated adequate performance under the Investment Test in the assessment area. This conclusion is primarily based on the bank's responsiveness to community development needs.

Investment and Grant Activity

The bank has a poor level of qualified community development investments and grants in the assessment area. The bank made 29 qualified donations totaling approximately \$49,000 that promoted community service and revitalization and/or stabilization initiatives in the area. This represents 0.2 percent of the bank's total qualified investments by dollar volume. Furthermore, none of the Regional investments benefited this assessment area. The level of qualified investments and donations reflects a significant decrease from the previous evaluation, at which time the bank made 53 qualified investments totaling approximately \$657,000.

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in the assessment area, which is reflected through the bank's investments that promote community services, which is an identified need in the assessment area.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily considered innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated good performance under the Service Test in the Central North Dakota Assessment Area. While the level of community development services is outstanding, the other factors offset that performance.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 6 branches (Fessenden, Harvey, Rugby, Minot-3) in the assessment area. Based on 2015 ACS, 1 branch was in a moderate-income census tract and the remaining 5 offices were in middle-income geographies. One of these 5 offices was in a distressed and underserved geography. Census tract changes in conjunction with the 2020 Census reflect all of the branches as being in middle-income geographies, 2 of which are in distressed and underserved census tracts. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

The institution's opening and closing of branches has generally not adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies and/or to low- and moderate-income individuals. As indicated earlier, the bank closed its full-service branch in Bowdon in March 2023 as bank management felt the other branches in the area were sufficient to service the area. Based on 2020 Census data, the branch was located in a middle-income census tract that was designated distressed and underserved. Residents continue to have access to the bank's services through electronic means, such as internet or mobile banking, or by traveling 18 miles to the closest branch in Fessenden. While the branch had a limited volume of traffic, the closure had some impact, some of which may be to low- or moderate-income individuals.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies and/or individuals, and are consistent with the bank's overall performance.

Community Development Services

The institution is a leader in providing community development services within the Central North Dakota Assessment Area. Twelve bank employees provided 35 instances of financial expertise or technical assistance to 12 different entities. The services were to organizations that promote affordable housing, community services, economic development, and revitalization and/or stabilization initiatives. The number of instances is relatively similar to the 41 community development services reported during the prior evaluation period.

GRAND FORKS, ND-MN MSA – Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE GRAND FORKS, ND-MN MSA

This assessment area includes all of Grand Forks County in North Dakota and Polk County in Minnesota, which comprises the Grand Forks, ND-MN MSA. The assessment area boundaries are unchanged from the prior evaluation; however, census tract income levels changed between the 2 census years. According to 2015 ACS data, the assessment area contains 1 low-, 5 moderate, 18 middle-, and 4 upper-income

census tracts. Census data from 2020 reflects the area as having 1 low-, 7 moderate-, 17 middle, and 6 upper-income geographies, as well as 1 census tract with no income level designation. The institution currently operates 1 branch in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Grand Forks ND-MN MSA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	28	3.6	17.9	64.3	14.3	0.0

Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 34.3 percent; followed by non-classifiable establishments at 14.2 percent; and retail trade at 10.8 percent. The same data indicates that area businesses and farms are predominantly small operations with 86.3 percent operating from a single location and 63.7 percent of them employing less than 5 individuals.

The following table reflects the 2021 FFIEC-estimated median family income levels for the Grand Forks, ND-MN MSA, which are used in the Borrower Profile analysis.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$80,000)	<\$40,000	\$40,000 to <\$64,000	\$64,000 to <\$96,000	≥\$96,000
Source: FFIEC				

Competition

The Grand Forks, ND-MN MSA is highly competitive for financial services. According to June 30, 2022 FDIC Deposit Market Share data, 20 FDIC-insured financial institutions operate 20 offices within the MSA. First International Bank & Trust ranked 12th with a deposit market share of 1.8 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

The institution also faces significant competition for small business loans as evidenced by 2021 aggregate CRA data, which shows that 57 CRA data reporters collectively reported 2,462 small business loans within the MSA. Of these institutions, First International Bank & Trust ranked 10th with 3.4 percent of the market share by number. The top 5 lenders collectively accounted for more than half (54.9 percent) of the total market share, by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the assessment area.

There is also significant competition for home mortgage loans. In 2021, 170 HMDA-reporting institutions originated or purchased 4,114 home mortgage loans in the MSA. First International Bank & Trust ranked 16th with a 1.7 percent market share by number. The top 5 reporters collectively originated or purchased 41.6 percent of total market share, by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Community Contact

Examiners reviewed a community contact with an individual familiar with the area's small business industry. The contact indicated that the economy remained relatively strong despite the COVID-19 pandemic; however, the individual added that the Canadian border closure negatively affected the retail and service sectors. The contact noted that increasing costs and supply chain issues are challenging for businesses, but agreed that the labor shortage is the biggest issue. Pertaining to housing, the contact noted that single-family housing for low- and moderate-income individuals is not readily available, with homes under \$250,000 selling quickly. The contact added that there are numerous rental options available for middle-income individuals; however, the availability of lower-priced rental units decreases in the fall when college students return to the area. Finally, the individual stated that primary credit needs in the area are commercial and home mortgage and noted that local financial institutions are meeting local credit needs.

Credit and Community Development Needs and Opportunities

Through a review of demographic and economic data, as well as comments from the community contact and bank management, examiners determined that commercial and home mortgage lending represent the primary credit needs of the assessment area. Community development needs are primarily related to economic development and affordable housing; however, there is a high level of competition for available opportunities.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE GRAND FORKS, ND-MN MSA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test in the Grand Forks, ND-MN MSA. The bank's adequate performance under geographic distribution primarily supports this conclusion. While the bank exhibited good performance under lending activities and borrower profile, the overall performance was offset by the low level of community development lending.

Lending Activity

The bank's lending activity reflects good responsiveness to the credit needs of the Grand Forks, ND-MN MSA. In 2021, the bank originated or purchased 181 small business, small farm, and home mortgage loans totaling \$35.9 million in the assessment area. This accounts for 3.0 percent of the total loans reviewed, by number, in 2021. In comparison, 2.2 percent of the bank's deposits were from the assessment area.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. This is primarily supported by the bank's adequate small business lending, which was given the greatest weight in drawing conclusions. The institution's adequate home mortgage lending was also considered, but given less weight in drawing conclusions.

Small Business Loans

As depicted in the following table, the geographic distribution of small business loans reflects adequate penetration throughout the assessment area when compared to aggregate data. The bank's performance in lending in low-income census tracts generally mirrors aggregate data, yet the performance in lending in moderate-income geographies is less than aggregate lending. However, the bank's performance is considered reasonable since 3 of the 5 moderate-income census tracts are not in close proximity to the bank's office and would likely be served by financial institutions in or near those areas. More specifically, these moderate-income geographies include the Grand Forks Air Force Base; the city of Crookston, Minnesota, which is approximately 25 air miles from the bank's branch; and the very eastern edge of Polk County, which is more than 60 air miles from the Grand Forks office. Given this information, as well as the level of competition in the area, the bank's performance is adequate.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Low	2.1	0.8	0	0.0	0	0.0
Moderate	16.0	13.4	6	7.2	873	5.3

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects adequate penetration throughout the assessment area in relation to comparable data. As reflected in the following table, the bank's performance generally mirrors ACS and aggregate data.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low	0.3	0.3	1	1.4	49	0.3

<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Borrower Profile

The distribution of borrowers reflects good penetration among business customers of different sizes and retail customers of different income levels. The bank's good small business lending, which was given the greatest weight, primarily supports this conclusion. The institution's adequate home mortgage lending was also considered, but given less weight in drawing conclusions.

Small Business Loans

As depicted in the following table, the distribution of borrowers reflects good penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	80.1	54.7	61	73.5	9,219	56.3

Home Mortgage Loans

The distribution of borrowers reflects adequate penetration among individuals of different income levels, including low- and moderate-income borrowers. The following table demonstrates that the bank's performance is relatively comparable to aggregate data.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low	20.2	5.8	4	5.7	509	3.1

Totals	100.0	100.0	70	100.0	16,246	100.0
Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Community Development Loans

The bank made a low level of community development loans in the assessment area during the evaluation period. Specifically, the institution originated 1 community development loan totaling approximately \$1.4 million that provided economic development initiatives. This is a decrease from the previous evaluation, at which time the bank originated 2 community development loans totaling approximately \$5.2 million.

INVESTMENT TEST

First International Bank & Trust demonstrated adequate performance under the Investment Test in the Grand Forks, ND-MN MSA. This conclusion is primarily based on the adequate level of investment and grant activity and adequate responsiveness to community development needs.

Investment and Grant Activity

First International Bank & Trust has an adequate level of qualified community development investments and grants in the Grand Forks, ND-MN MSA. The bank made 3 donations totaling \$2,000 that promoted community services in the assessment area. This reflects a significant decrease from the last evaluation at which time the bank had 12 investments totaling \$495,000. However, a portion of 4 Regional investments totaling \$2.3 million promoted community service and affordable housing initiatives in the Grand Forks, ND-MN MSA, as well.

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in the Grand Forks, ND-MN MSA, as demonstrated through qualified investments that support affordable housing, which was an identified need.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily considered innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in the Grand Forks, ND-MN MSA. Access of delivery systems and reasonableness of business hours and services primarily supports this conclusion. Changes in branch locations did not adversely affect accessibility of the bank's delivery systems; however, the limited level of community development services offsets this performance.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 1 branch (Grand Forks) in the assessment area. The branch was in a middle-income geography (based on 2015 ACS data) until it changed to a moderate-income geography in conjunction with the 2020 Census. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

No changes were made with regard to opening and/or closing branches during the evaluation period. Therefore, the bank's record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and/or individuals.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies and/or individuals, and are consistent with the bank's overall performance.

Community Development Services

The institution provides a limited level of community development services within the assessment area. One bank employee provided 4 instances of financial expertise or technical assistance to an organization that promotes community service initiatives. The level of activity has declined from the previous evaluation, at which time the bank provided 8 instances of community development activity in this area.

GRANT COUNTY NORTH DAKOTA ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN THE GRANT COUNTY NORTH DAKOTA ASSESSMENT AREA

This assessment area includes all of Grant County in south central North Dakota. The assessment area boundaries are unchanged from the prior evaluation. According to 2015 ACS and 2020 Census data, the assessment area consists of 1 middle-income census tract that was designated as distressed and underserved throughout the evaluation period. The bank operates 1 branch (Elgin) in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Grant County North Dakota Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	1	0.0	0.0	100.0	0.0	0.0
Population by Geography	2,362	0.0	0.0	100.0	0.0	0.0
Housing Units by Geography	1,716	0.0	0.0	100.0	0.0	0.0
Owner-Occupied Units by Geography	925	0.0	0.0	100.0	0.0	0.0

Household Distribution by Income Level	1,136	33.3	18.2	14.0	34.5	0.0
Median Family Income - Nonmetropolitan ND		\$72,414	Median Housing Value			\$75,100
			Median Gross Rent			\$442
			Families Below Poverty Level			10.7%
Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0%						
(*) The NA category consists of geographies that have not been assigned an income classification.						

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 29.5 percent; followed by agriculture, forestry, and fishing at 24.5 percent; and non-classifiable establishments at 7.9 percent. The same data indicates that area businesses and farms are predominantly small operations with 91.1 percent operating from a single location and 80.1 percent of them employing less than 5 individuals.

The FFIEC-estimated median family income levels for nonmetropolitan North Dakota were presented under the Central North Dakota Assessment Area section of the evaluation.

Competition

The Grant County North Dakota Assessment Area has moderate competition for financial services. According to June 30, 2022 FDIC Deposit Market Share data, 3 FDIC-insured financial institutions operate 3 offices within the county. First International Bank & Trust has the largest deposit market share at 39.5 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

There is also a moderate level competition for small business loans as evidenced by 2021 aggregate CRA data, which shows that 22 lenders collectively reported 149 small business loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 58.4 percent of the market share by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the nonmetropolitan area.

Similarly, the bank faces competition for small farm loans from other lenders and non-bank entities as evidenced by the 2021 aggregate CRA data. This data shows that 13 lenders collectively reported 335 small farm loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 74.6 percent of the market share by number.

Credit and Community Development Needs and Opportunities

Examiners reviewed information from bank management, as well as demographic and economic data to determine assessment area needs and opportunities and determined that commercial and home mortgage lending represent the primary credit needs of the area. Community development needs are primarily related to economic development and community services.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE GRANT COUNTY NORTH DAKOTA ASSESSMENT AREA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test in the assessment area. Performance under lending activities and borrower profile was good; however, the lack of community development lending offsets that performance.

Lending Activity

The bank's lending activity reflects good responsiveness to the credit needs of the assessment area. In 2021, the bank originated or purchased 349 small business, small farm, and home mortgage loans totaling \$24.9 million in the assessment area. This accounts for 5.8 percent of the total loans reviewed, by number, in 2021. In comparison, 1.1 percent of the bank's deposits were from the assessment area. First International Bank & Trust exhibited strong market performance in both small business and small farm lending. Specifically, the bank ranked 1st among all small business and small farm reporters according to 2021 aggregate data.

Geographic Distribution

The assessment area does not include any low- or moderate-income geographies and a review of geographic distribution would not result in meaningful conclusions. Therefore, this criterion was not evaluated.

Borrower Profile

The distribution of borrowers reflects good penetration among business customers of different sizes and retail customers of different income levels. The bank's good small farm lending, which was given the greatest weight, primarily supports this conclusion. The excellent small business lending performance was also considered, but given less weight in drawing conclusions.

Small Business Loans

As depicted in the following table, the distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	82.9	71.9	83	95.4	3,875	82.3
>\$1,000,000	3.8	--	4	4.6	836	17.7
Revenue Not Available	13.3	--	0	0.0	0	0.0
Totals	100.0	100.0	87	100.0	4,711	100.0
Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Small Farm Loans

The distribution of borrowers reflects good penetration among farms with gross annual revenues of \$1 million or less when compared to aggregate data, which is depicted in the following table.

Distribution of Small Farm Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Farms	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	99.0	81.8	238	95.2	16,264	85.1
>\$1,000,000	1.0	--	12	4.8	2,845	14.9
Revenue Not Available	0.0	--	0	0.0	0	0.0
Totals	100.0	100.0	250	100.0	19,109	100.0
Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Community Development Loans

The bank did not originate any community development loans in the assessment area. In comparison, 5 community development loans totaling approximately \$675,000 were originated during the previous evaluation period. Furthermore, other financial institutions that operate in the same assessment area have originated community development loans.

INVESTMENT TEST

First International Bank & Trust demonstrated adequate performance under the Investment Test in the assessment area. This conclusion is primarily based on the adequate level of investment and grant activity and adequate responsiveness to community development needs.

Investment and Grant Activity

First International Bank & Trust has an adequate level of qualified community development investments and grants in the assessment area. The bank made 23 donations totaling \$85,000 that promoted community service and revitalization and/or stabilization efforts in the assessment area. This represents 0.4 percent of the bank's total qualified investments and is similar to the last evaluation at which time the bank had 13 investments totaling \$109,000. None of the Regional investments benefited this assessment area.

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in the assessment area, as demonstrated through qualified investments that support community services, which was an identified need.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily considered innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated good performance under the Service Test in the Grant County North Dakota Assessment Area. The level of community development services primarily supports this conclusion.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. Based on 2015 ACS and 2020 Census data, the bank's sole office in Elgin is located in a middle-income census tract. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

No changes were made with regard to opening and/or closing branches during the evaluation period. Therefore, the bank's record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and/or individuals.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies and/or individuals, and are consistent with the bank's overall performance.

Community Development Services

The institution provides a relatively high level of community development services in the assessment area. Eight bank employees provided 27 instances of financial expertise or technical assistance to 7 different entities. The services were to entities that promote community services and revitalization and/or stabilization initiatives. The number of instances is lower than the prior evaluation, at which time 40 instances were reported.

WESTERN NORTH DAKOTA ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN THE WESTERN NORTH DAKOTA ASSESSMENT AREA

This assessment area includes all of Dunn, McKenzie, and Williams counties in western North Dakota. The assessment area boundaries are unchanged from the prior evaluation; however, census tract income levels changed between the 2 census years. According to 2015 ACS data, the assessment area consists of 1 low-, 6 middle-, and 5 upper-income census tracts. Census data from 2020 reflects the area as having 4 middle- and 10 upper-income geographies. The bank currently operates 6 offices in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Western North Dakota Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	12	8.3	0.0	50.0	41.7	0.0
Population by Geography	43,429	4.1	0.0	43.2	52.7	0.0
Housing Units by Geography	21,031	2.6	0.0	45.3	52.1	0.0
Owner-Occupied Units by Geography	10,962	1.1	0.0	48.6	50.3	0.0

Vacant Units by Geography	4,178	2.8	0.0	47.5	49.8	0.0
Businesses by Geography	7,259	1.0	0.0	39.5	59.5	0.0
Farms by Geography	470	0.4	0.0	59.4	40.2	0.0
Family Distribution by Income Level	10,923	17.3	12.4	16.3	54.0	0.0
Household Distribution by Income Level	16,853	17.4	10.3	13.9	58.5	0.0
Median Family Income - Nonmetropolitan ND		\$72,414	Median Housing Value			\$199,258
			Median Gross Rent			\$910
			Families Below Poverty Level			10.1%
Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 29.6 percent; followed by non-classifiable establishments at 20.3 percent; and transportation and communication at 9.1 percent. The same data indicates that area businesses and farms are predominantly small operations with 91.0 percent operating from a single location and 64.3 percent of them employing less than 5 individuals.

The FFIEC-estimated median family income levels for nonmetropolitan North Dakota were presented under the Central North Dakota Assessment Area section of this evaluation.

Competition

This assessment area is fairly competitive for financial services. According to June 30, 2022 FDIC Deposit Market Share data, 10 FDIC-insured financial institutions operate 19 offices within Dunn, McKenzie, and Williams counties. First International Bank & Trust ranked 1st with a deposit market

share of 38.5 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

The institution also faces a high level of competition for small business loans as evidenced by 2021 aggregate CRA data, which shows that 77 CRA data reporters collectively reported 2,225 small business loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 27.2 percent of the market share by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the assessment area.

Similarly, the bank faces moderate competition for small farm loans from other lenders and non-bank entities as evidenced by the 2021 aggregate CRA data. This data shows that 16 lenders collectively reported 663 small farm loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 74.6 percent of the market share by number.

There is also significant competition for home mortgage loans. In 2021, 156 HMDA-reporting institutions originated or purchased 7,178 home mortgage loans in the assessment area. First International Bank & Trust ranked 4th with a 3.9 percent market share by number. The top 3 reporters collectively originated or purchased 66.1 percent of total market share, by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Community Contact

Examiners reviewed a previously conducted interview with a representative of an organization that is familiar with the general economy in the area. The contact indicated that economic conditions are very good and noted that energy (oil) and agriculture are the primary sources of employment. Most of the people working in the area live there; however, the individual stated that some people still commute from outside the area to work in the oil fields. Affordable single-family housing continues to be an issue as there are a number of over-valued houses that were built at the height of the oil boom. The lack of workers is also a serious limitation facing the area with the largest impact on area restaurants. Farms appear to be doing well, and while the area suffered some drought conditions in 2020 that resulted in farmers receiving disaster payments, farmers experienced excess moisture which delayed spring planting in 2021 and a fairly significant amount of preventative plant payments. The contact indicated that all types of credit are needed, but felt that agricultural lending is likely the primary credit needs. Finally, the individual felt that local financial institutions are meeting the area's credit needs.

Credit and Community Development Needs and Opportunities

Considering information from the community contact, bank management, and demographic and economic data, examiners determined that commercial and agricultural lending are the primary credit needs for the assessment area. Furthermore, the assessment area's community development needs are primarily related to economic development and affordable housing.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE WESTERN NORTH DAKOTA ASSESSMENT AREA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test in the assessment area. The bank's adequate performance under lending activity, geographic distribution, and community development lending primarily supports this conclusion. While performance under borrower profile is excellent, it did not enhance the overall performance.

Lending Activity

The bank's lending activity reflects adequate responsiveness to the credit needs of the assessment area. In 2021, the bank originated or purchased 1,168 small business, small farm, and home mortgage loans totaling \$151.0 million in this assessment area. This accounts for 19.4 percent of the total loans reviewed, by number, in 2021. In comparison, 30.3 percent of the bank's deposits were from the assessment area. First International Bank & Trust exhibited strong market performance in both small business and small farm lending, which were given greater weight than home mortgage lending. Specifically, the bank ranked first among all small business and small farm reporters according to 2021 aggregate data.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. This is primarily supported by the bank's adequate small business lending, which was given the greatest weight in drawing conclusions. The institution's adequate small farm and home mortgage lending were also considered, but given less weight in drawing conclusions.

Small Business Loans

As depicted in the following table, the geographic distribution of small business loans reflects adequate penetration throughout the assessment area when compared to aggregate data.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Low	1.0	0.7	4	0.7	1,144	1.3
Middle	39.5	41.3	187	30.9	22,482	25.1
Upper	59.5	58.1	414	68.4	65,922	73.6
Totals	100.0	100.0	605	100.0	89,548	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Small Farm Loans

The geographic distribution of small farm loans reflects adequate penetration throughout the assessment area as the bank's performance generally mirrors demographic and aggregate data.

Geographic Distribution of Small Farm Loans						
Tract Income Level	% of Farms	Aggregate Performance % of #	#	%	\$(000s)	%
Low	0.4	0.5	3	0.7	136	0.5
Middle	59.4	58.5	212	48.4	11,790	44.7
Upper	40.2	41.1	223	50.9	14,439	54.8
Totals	100.0	100.0	438	100.0	26,365	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

As depicted in the following table, the geographic distribution of home mortgage loans reflects adequate penetration throughout the assessment area when compared to aggregate data. The bank did not originate any home mortgage loans in the low-income census tract; however, this performance mirrors aggregate data.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low	1.1	0.0	0	0.0	0	0.0
Middle	48.6	34.9	35	28.0	8,738	24.9
Upper	50.3	65.1	90	72.0	26,356	75.1
Totals	100.0	100.0	125	100.0	35,094	100.0
Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Borrower Profile

The distribution of borrowers reflects excellent penetration among business and farm customers of different sizes and retail customers of different income levels. The bank's excellent small business lending performance, which received the greatest weight in the analysis, primarily supports this conclusion. While the bank's good small farm and home mortgage lending were also considered, they were given less weight in drawing conclusions.

Small Business Loans

As depicted in the following table, the distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	86.0	41.8	441	72.9	42,937	47.9

Totals	100.0	100.0	125	100.0	35,094	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Community Development Loans

First International Bank & Trust made an adequate level of community development loans in the assessment area. The institution originated 6 community development loans totaling approximately \$11.1 million. All of these were PPP or CPR loans that promoted economic development, which is an identified need in the area. The level of community development lending decreased in number and dollar volume since the previous evaluation at which time the bank made 18 community development loans totaling approximately \$37.1 million.

INVESTMENT TEST

First International Bank & Trust demonstrates adequate performance in the assessment area. This is primarily supported by the level of investment and grant activity as well as the bank's responsiveness to credit and community development needs.

Investment and Grant Activity

First International Bank & Trust has an adequate level of qualified community development investments and grants in the Western North Dakota Assessment Area. The bank made 9 qualified investments totaling \$4.8 million in the assessment area. This included 2 prior period and 2 new investments totaling \$2.3 million that promoted revitalization or stabilization activities, as well as 5 donations totaling \$2.5 million that promoted community services or revitalization or stabilization efforts. The largest donation was from an affiliated entity of the bank. While still considered adequate, the dollar volume of qualified investments in this area declined since the prior evaluation at which time the bank had 41 qualified investments totaling \$9.2 million.

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in the assessment area. A significant majority (99.9 percent) of the investments by dollar volume supported revitalization or stabilization efforts, which was not an identified community development need in the area. Nonetheless, it shows the bank's responsiveness to revitalizing and stabilizing the underserved geographies within the assessment area.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily considered innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated good performance under the Service Test in the Western North Dakota Assessment Area. The level of community development services primarily supports this conclusion.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 6 offices (Alexander, Killdeer, Watford City-2, Williston-2) in the assessment area. ACS data from 2015 shows that 4 of the branches are in middle-income geographies, while 2 offices operate in upper-income census tracts. Furthermore, FFIEC data for 2021 shows that 2 branches (Alexander and Killdeer) operate in underserved geographies. Census data from 2020 reflects 3 of the offices operating in middle-income census tracts that are designated underserved; the 3 remaining branches operate in upper-income geographies. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

The institution's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly to low- or moderate-income individuals. As indicated earlier, the bank closed a full-service branch (Willison) in March 2023. Bank management indicated the reason for the closure was to reduce overlap and to effectively and efficiently use staff. At the time of closing, the branch was located in an upper-income census tract based on 2020 Census data. Residents continue to have access to the bank's services through electronic means, such as internet or mobile banking, or by traveling less than one mile to one of the other two branches in Williston. While the closure may have had some impact to low- or moderate-income individuals, it did not impact any low- or moderate-income areas since this assessment area consists of all middle- and upper-income census tracts according to 2020 Census data.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low-and moderate-income geographies and/or individuals, and are consistent with the bank's overall performance.

Community Development Services

The institution provides a relatively high level of community development services in the assessment area. Five bank employees provided 26 instances of financial expertise or technical assistance to 7 different entities. The services were to entities that promote affordable housing, community services, economic development, and revitalization and/or stabilization initiatives. The number of instances is comparable to the prior evaluation, at which time 24 instances were reported.

ARIZONA

CRA RATING FOR ARIZONA: SATISFACTORY

The Lending Test is rated: Low Satisfactory

The Investment Test is rated: High Satisfactory

The Service Test is rated: Low Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN ARIZONA

First International Bank & Trust continues to delineate one assessment area in Arizona that remains unchanged since the previous evaluation, with the exception of changes to census tract income levels between the 2 census years. The assessment area includes all of Maricopa and Pinal counties in Arizona, which comprises the Phoenix-Mesa-Chandler, AZ MSA. According to 2015 ACS data, the assessment area consists of 110 low-, 231 moderate-, 326 middle-, 311 upper-, and 13 non-designated census tracts. Census data from 2020 reflects the area as having 68 low-, 294 moderate-, 362 middle, and 354 upper-income geographies, as well as 26 census tracts with no income level designation. The institution currently operates 4 branches (Chandler, Gilbert, Phoenix, Scottsdale) in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Phoenix-Mesa-Chandler AZ MSA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	991	11.1	23.3	32.9	31.4	1.3

(*) The NA category consists of geographies that have not been assigned an income classification.						

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 33.9 percent; followed by non-classifiable establishments at 31.9 percent; and finance, insurance and real estate at 12.5 percent. The same data indicates that area businesses and farms are predominantly small operations with 96.1 percent operating from a single location and 59.2 percent of them employing less than 5 individuals.

The following table reflects the 2021 FFIEC-estimated median family income levels for the Phoenix-Mesa-Chandler, AZ MSA, which are used in the Borrower Profile analysis.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$79,000)	<\$39,500	\$39,500 to <\$63,200	\$63,200 to <\$94,800	≥\$94,800
<i>Source: FFIEC</i>				

Competition

The Phoenix-Mesa-Chandler AZ MSA is highly competitive for financial services. According to June 30, 2022 FDIC Deposit Market Share data, 61 FDIC-insured financial institutions operate 709 offices within the MSA. First International Bank & Trust ranked 24th with a deposit market share of 0.3 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

The institution also faces significant competition for small business loans as evidenced by 2021 aggregate CRA data, which shows that 307 CRA data reporters collectively reported 140,337 small business loans within the MSA. Of these institutions, First International Bank & Trust ranked 28th with 0.3 percent of the market share by number. The top 3 lenders were national banks that collectively accounted for nearly half (45.8 percent) of the total market share, by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the assessment area.

There is also significant competition for home mortgage loans. In 2021, 1,011 HMDA-reporting institutions originated or purchased 429,687 home mortgage loans in the MSA. First International Bank & Trust ranked 194th with a 0.1 percent market share by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Credit and Community Development Needs and Opportunities

Through a review of demographic and economic data, as well as comments from bank management, examiners determined that commercial and home mortgage lending represent the primary credit needs of the assessment area. Community development needs are primarily related to economic development and affordable housing; however, there is a high level of competition for available opportunities.

SCOPE OF EVALUATION – ARIZONA

Examiners reviewed small business and home mortgage lending. When analyzing performance, examiners gave greater weight to small business lending followed by home mortgage lending. Small farm lending was not reviewed since it is not a lending focus of the bank in this metropolitan area. Refer to the overall Scope of Evaluation section for additional information.

CONCLUSIONS ON PERFORMANCE CRITERIA IN ARIZONA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test in the Phoenix-Mesa-Chandler, AZ MSA. The bank's performance under lending activity, geographic

distribution, and community development lending primarily supports this conclusion. While performance under borrower profile is excellent, it did not enhance the overall conclusion.

Lending Activity

The bank's lending activity reflects adequate responsiveness to the credit needs of the assessment area. In 2021, the bank originated or purchased 584 small business, small farm, and home mortgage loans totaling \$260.6 million in this assessment area. This accounts for 9.7 percent of the total loans reviewed, by number, in 2021. In comparison, 10.8 percent of the bank's deposits were from the assessment area.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. This is supported by the bank's adequate small business and home mortgage lending.

Small Business Loans

As depicted in the following table, the geographic distribution of small business loans reflects adequate penetration throughout the assessment area when compared to aggregate data. Although the bank's performance in the low-income geographies is slightly less than aggregate data, it is still reasonable given the significant competition coupled with the fact that the bank does not have any branches located in low-income census tracts. Furthermore, the bank's lending performance in moderate-income census tracts is comparable to aggregate performance.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Low	6.8	6.4	17	4.9	5,624	11.8

Upper	46.2	47.2	169	48.7	17,658	36.9
Not Available	0.5	0.6	7	2.0	1,733	3.6
Totals	100.0	100.0	347	100.0	47,825	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

As depicted in the following table, the geographic distribution of home mortgage loans reflects adequate penetration throughout the assessment area when compared to aggregate data. The bank's lending performance in low-income geographies is comparable to aggregate performance. While the bank's performance in moderate-income geographies was less than aggregate data, it is still reasonable given the significant competition coupled with the fact that the bank does not have any branches located in moderate-income census tracts.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low	4.5	3.3	7	3.0	5,677	2.7
Moderate	19.6	14.6	19	8.1	33,345	15.7
Middle	37.1	39.4	83	35.2	52,939	24.9
Upper	38.7	42.2	127	53.8	120,755	56.8
Not Available	0.0	0.5	0	0.0	0	0.0
Totals	100.0	100.0	236	100.0	212,716	100.0
Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Borrower Profile

The distribution of borrowers reflects excellent penetration among business customers of different sizes and retail customers of different income levels. The bank's excellent small business lending performance supports this conclusion, and while the adequate home mortgage lending performance was considered, it was given less weight in drawing conclusions.

Small Business Loans

As depicted in the following table, the distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less, when compared to aggregate data.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	92.1	48.2	251	72.3	23,280	48.7
>\$1,000,000	1.8	--	89	25.6	22,777	47.6
Revenue Not Available	6.1	--	7	2.0	1,768	3.7
Totals	100.0	100.0	347	100.0	47,825	100.0
Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Home Mortgage Loans

As reflected in the following table, the distribution of borrowers reflects adequate penetration among individuals of different income levels, including low- and moderate-income borrowers. Although the bank's lending performance to low- and moderate-income borrowers is lower than aggregate data, home mortgage lending is not the bank's primary lending focus and there is a high level of competition in this assessment area. This is further illustrated by the bank's limited market share. Given these factors, the bank's performance is adequate.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low	21.9	5.3	2	0.8	293	0.1

Not Available	0.0	19.0	34	14.4	58,004	27.3
Totals	100.0	100.0	236	100.0	212,716	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Community Development Loans

First International Bank & Trust made an adequate level of community development loans in the Phoenix-Mesa-Chandler, AZ MSA. The institution originated 6 community development loans totaling approximately \$11.9 million. Of these, two were PPP or CPR loans that promoted economic development or revitalization and/or stabilization initiatives. The remaining loans promoted affordable housing, community services, revitalization and/or stabilization, or economic development efforts. The level of community development lending decreased in number and dollar volume since the previous evaluation at which time the bank made 19 community development loans totaling approximately \$74.1 million. However, these figures do not include loans originated at the Regional level that benefited two or more of the bank's assessment areas, some of which included this assessment area.

INVESTMENT TEST

First International Bank & Trust demonstrated good performance under the Investment Test in Arizona. This conclusion is primarily based on the significant level of investment and grant activity.

Investment and Grant Activity

First International Bank & Trust has a significant level of qualified community development investments and grants in the Phoenix-Mesa-Chandler, AZ MSA. The bank made 23 qualified investments totaling \$2.7 million in the assessment area. This included 3 prior period mortgage-backed securities totaling \$2.6 million, as well as 20 donations totaling \$47,000. All of the donations promoted community services. Furthermore, this does not include 5 Regional investments totaling \$3.6 million that, in part, benefited the Phoenix-Mesa-Chandler, AZ MSA. The level of qualified investments at the current evaluation, with the additional 5 Regional investments, reflects a decrease in number and dollar volume from the previous evaluation at which time the bank had 55 qualified investments that totaled approximately \$7.3 million.

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in the Phoenix-Mesa-Chandler, AZ MSA, which is reflected through the bank's investments that support affordable housing, which is an identified need in the area.

Community Development Initiatives

First International Bank & Trust rarely uses innovative or complex investments to support community development needs in Arizona considering the available opportunities and investment capacity of the bank.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in the Phoenix-Mesa-Chandler, AZ MSA. While the level of community development services is limited, the other performance factors helped offset this performance.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 4 branches in the assessment area. Based on 2015 ACS and 2020 Census data, two branches are located in middle-income geographies, one location is in an upper-income census tract, while the fourth branch is located in a geography with no income designation. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

No changes were made with regard to opening and/or closing branches during the evaluation period. Therefore, the bank's record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and/or individuals.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies and/or individuals. This performance is consistent with the bank's overall performance.

Community Development Services

The institution provides a limited level of community development services within the assessment area. Two bank employees provided 8 instances of financial expertise or technical assistance to 3 community development organizations during the evaluation period. Services were used to promote community services and economic development. This represents a decrease from the prior evaluation, at which time 9 bank employees provided 11 community development services to 6 organizations in Arizona.

MINNESOTA

CRA RATING FOR MINNESOTA: SATISFACTORY

The Lending Test is rated: High Satisfactory

The Investment Test is rated: High Satisfactory

The Service Test is rated: Low Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN MINNESOTA

First International Bank & Trust has delineated two assessment areas in the state of Minnesota: 1) Central Minnesota, and 2) Hennepin County Minnesota. The Hennepin County Minnesota assessment area is new since the previous evaluation. The bank currently operates 3 branches in Minnesota. Details for the individual assessment areas are provided in subsequent sections.

SCOPE OF EVALUATION – MINNESOTA

Examiners reviewed small business, small farm, and home mortgage lending. All three products were reviewed for the Central Minnesota Assessment Area; however, small farm lending was not reviewed in the Hennepin County Minnesota Assessment Area since it is not a lending focus in the metropolitan area. Greater weight was given to overall conclusions derived from the Central Minnesota Assessment area followed by performance in the newly-established Hennepin County Minnesota Assessment Area. When analyzing performance for the state, examiners gave greater weight to small business lending followed by small farm lending. Home mortgage lending was given the least weight in drawing conclusions in Minnesota. Refer to the overall Scope of Evaluation section for additional information.

CONCLUSIONS ON PERFORMANCE CRITERIA IN MINNESOTA

LENDING TEST

First International Bank & Trust's demonstrated good performance under the Lending Test in Minnesota. This is consistent with the bank's performance in the Central Minnesota Assessment Area, which was given the greatest weight. While performance in the Hennepin County Minnesota Assessment Area was adequate, it did not negatively impact the overall conclusion given that it is a fairly new assessment area. Details are discussed under each assessment area.

Lending Activity

The bank's lending activity reflects good responsiveness to the credit needs in Minnesota. In 2021, the bank originated or purchased 544 small business, small farm, and home mortgage loans totaling \$45.1 million in this rated area. This accounts for 9.0 percent of the total loans reviewed, by number, in 2021. In comparison, 2.7 percent of the bank's deposits were from the rated area; however, the deposit volume does not include the deposits from the newly-established Hennepin County Assessment Area as this information was not readily available for 2021.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the Minnesota assessment areas. This is consistent with the bank's performance in the Central Minnesota Assessment Area, which was given the greatest weight. Performance in the Hennepin County assessment area was adequate; however, it did not negatively impact the overall conclusion. Details are discussed under each assessment area.

Borrower Profile

The distribution of borrowers reflects excellent penetration among business and farm customers of different sizes and retail customers of different income levels in Minnesota. This is consistent with the bank's performance in the Central Minnesota Assessment Area, which was given the greatest weight. Performance in Hennepin County assessment area was good; however, this area received lesser weight, in Minnesota.

Community Development Loans

First International Bank & Trust made a low level of community development loans in Minnesota, which is consistent with the bank's performance in the Central Minnesota Assessment Area, which received the greatest weight. Specifically, the bank originated 1 community development loan totaling approximately \$5.6 million that promoted revitalization and stabilization initiatives in the assessment area. However, this does not include Regional investments, some of which benefited the Minnesota assessment areas. Nonetheless, the number and dollar volume of community development loans has decreased since the previous evaluation at which time the bank originated 4 community development loans totaling \$8.6 million that benefited the broader statewide area within Minnesota.

INVESTMENT TEST

First International Bank & Trust demonstrated good performance under the Investment Test in Minnesota, which is consistent with the performance in all of the Minnesota assessment areas.

Investment and Grant Activity

First International Bank & Trust has a significant level of qualified community development investments and grants in Minnesota. The institution made 23 qualified investments totaling approximately \$4.9 million in its Minnesota assessment areas, as well as 1 investment totaling \$4.2 million that benefited a broader area in Minnesota, but that included Hennepin County. This is an increase in number and dollar volume from the previous evaluation at which time the bank had 26 qualified investments that totaled approximately \$3.5 million. However, this would be expected since the bank expanded its footprint in Minnesota. Nonetheless, it does not reflect Regional investments that benefited a broader area that included the Minnesota assessment areas. Details regarding the level of qualified investment activity for each assessment area within Minnesota are provided under the individual assessment area sections.

Qualified Investments by Assessment Area										
Assessment Area	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)
Central Minnesota	0	0	17	1,709	0	0	4	996	21	2,705
Hennepin County Minnesota	0	0	2	2,174	0	0	0	0	2	2,174
Statewide Minnesota	1	4,218	0	0	0	0	0	0	1	4,218
Total	1	4,128	17	3,883	0	0	4	996	24	9,007
<i>Source: Bank Data</i>										

Responsiveness to Credit and Community Development Needs

First International Bank & Trust exhibits adequate responsiveness to credit and community development needs in Minnesota considering the available opportunities and investment capacity of the bank.

Community Development Initiatives

First International Bank & Trust rarely uses innovative or complex investments to support community development needs in Minnesota considering the available opportunities and investment capacity of the bank.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in Minnesota. This is consistent with the bank's performance in both of the assessment areas in Minnesota.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment areas in Minnesota, which is consistent with the bank's overall performance. Furthermore, alternative delivery systems described earlier provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

First International Bank & Trust's opening and closing of branches has not adversely affected the accessibility of its delivery systems within Minnesota, particularly in low- and moderate-income geographies and/or to low- and moderate-income individuals. Refer to the separate assessment area sections for additional information.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the Minnesota assessment areas, particularly low- and moderate-income geographies and/or individuals. This performance is consistent with the bank's overall performance.

Community Development Services

First International Bank & Trust provides an adequate level of community development services in Minnesota. The majority of the services were provided within the Central Minnesota Assessment Area, which was given greater weight in assessing performance in Minnesota. As indicated in the Community Development Services presented earlier, bank employees provided 15 instances of community development services in Minnesota during the evaluation period. This represents a decrease from the prior evaluation, which included 21 community development services.

CENTRAL MINNESOTA ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE CENTRAL MINNESOTA ASSESSMENT AREA

This assessment area includes all of Cass, Morrison, Todd, and Wadena counties in central Minnesota. The boundaries of the assessment area have not changed since the previous evaluation; however, census tract income levels changed between the 2 census years. According to 2015 ACS data, the assessment area consists of 6 moderate- and 23 middle-income census tracts. Census data from 2020 reflects the area as having 8 moderate- and 21 middle-income geographies, as well as 1 upper-income census tract. The bank currently operates 2 offices (Motley, Staples) in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Central Minnesota Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	29	0.0	20.7	79.3	0.0	0.0

			Median Gross Rent			\$614
			Families Below Poverty Level			10.0%
Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 32.2 percent; followed by non-classifiable establishments at 12.4 percent; and retail trade at 12.1 percent. The same data indicates that area businesses and farms are predominantly small operations with 91.7 percent operating from a single location and 70.6 percent of them employing less than 5 individuals.

The following table reflects the 2021 FFIEC-estimated median family income levels for nonmetropolitan Minnesota, which are used in the Borrower Profile analysis.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$72,400)	<\$36,200	\$36,200 to <\$57,920	\$57,920 to <\$86,880	≥\$86,880
Source: FFIEC				

Competition

The Central Minnesota Assessment Area is fairly competitive for financial services despite its rural nature. According to June 30, 2022 FDIC Deposit Market Share data, 20 FDIC-insured financial institutions operate 39 offices within the 4 counties described earlier. First International Bank & Trust ranked 7th with a deposit market share of 5.1 percent. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

There is also a fairly high level competition for small business loans in the assessment area as evidenced by 2021 aggregate CRA data, which shows that 57 lenders collectively reported 1,626 small business loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 18.8 percent of the market share by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the nonmetropolitan area.

The bank also faces competition for small farm loans from other lenders and non-bank entities in the assessment area. Based on 2021 aggregate CRA data, 16 lenders collectively reported 304 small farm loans within the assessment area. Of these institutions, First International Bank & Trust ranked 1st with 52.3 percent of the market share by number.

There is also significant competition for home mortgage loans within the nonmetropolitan assessment area. In 2021, 286 HMDA-reporting institutions originated or purchased 4,777 home mortgage loans in the assessment area. First International Bank & Trust ranked 36th with a 6.7 percent market share by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Credit and Community Development Needs and Opportunities

Examiners reviewed demographic and economic data, as well as comments from bank management and determined that commercial, agricultural, and home mortgage lending represent the primary credit needs of the assessment area. Community development needs are primarily related to economic development, affordable housing, and community services.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE CENTRAL MINNESOTA ASSESSMENT AREA

LENDING TEST

First International Bank & Trust demonstrated good performance under the Lending Test in the assessment area. The bank's good performance under Lending Activity and Geographic Distribution primarily supports this conclusion. Performance under Borrower Profile was excellent; however, this was offset by the low volume of community development loans.

Lending Activity

The bank's lending activity reflects good responsiveness to the credit needs of the Central Minnesota Assessment Area. In 2021, the bank originated or purchased 498 small business, small farm, and home mortgage loans totaling \$34.0 million in the assessment area. This accounts for 8.3 percent of the total loans reviewed, by number, in 2021. In comparison, 2.7 percent of the bank's deposits were from the assessment area. Furthermore, the bank ranked 1st in market share for small business and small farm loans.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the assessment area. This is primarily supported by the bank's good small business lending, which was given the greatest weight in drawing conclusions. The institution's good small farm and excellent home mortgage lending were also considered, but given less weight in drawing conclusions.

Small Business Loans

As depicted in the following table, the geographic distribution of small business loans reflects good penetration throughout the assessment area when compared to aggregate data, which would be expected given that both of the bank's branches operate in moderate-income geographies.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	22.3	21.5	99	32.5	8,951	49.9
Middle	77.7	78.5	206	67.5	8,981	50.1
Totals	100.0	100.0	305	100.0	17,932	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Small Farm Loans

The geographic distribution of small farm loans reflects good penetration throughout the assessment area when compared to aggregate data as reflected in the following table.

Geographic Distribution of Small Farm Loans						
Tract Income Level	% of Farms	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	10.2	11.8	29	18.2	1,610	15.1
Middle	89.8	88.2	130	81.8	9,083	84.9
Totals	100.0	100.0	159	100.0	10,693	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

As depicted in the following table, the geographic distribution of home mortgage loans reflects excellent penetration throughout the assessment area when compared to aggregate data given that home mortgage lending is not the primary or secondary lending focus of the institution in this assessment area.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	19.1	20.8	16	47.1	2,163	40.2
Middle	80.9	79.2	18	52.9	3,218	59.8
Totals	100.0	100.0	34	100.0	5,380	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Borrower Profile

The distribution of borrowers reflects excellent penetration among business and farm customers of different sizes and retail customers of different income levels. The bank's excellent small business lending performance, which received the greatest weight in the analysis, primarily supports this conclusion. While the institution's excellent small business lending and good home mortgage lending were also considered, they were given less weight in drawing conclusions.

Small Business Loans

The distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data as reflected in the following table.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	86.3	56.5	274	89.8	11,722	65.4
>\$1,000,000	3.8	--	30	9.8	6,085	33.9
Revenue Not Available	9.9	--	1	0.3	125	0.7
Totals	100.0	100.0	305	100.0	17,932	100.0

Small Farm Loans

The distribution of borrowers reflects excellent penetration among farms with gross annual revenues of \$1 million or less when compared to aggregate data, which is depicted in the following table.

Distribution of Small Farm Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Farms	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	98.5	72.0	153	96.2	9,824	91.9
>\$1,000,000	0.7	--	6	3.8	869	8.1
Revenue Not Available	0.8	--	0	0.0	0	0.0
Totals	100.0	100.0	159	100.0	10,693	100.0
Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Home Mortgage Loans

As reflected in the following table, the distribution of borrowers reflects good penetration among individuals of different income levels, including low- and moderate-income borrowers, when compared to aggregate data. The bank's lending to low-income borrowers exceeds aggregate data; however, the bank's performance in lending to moderate-income borrowers is below aggregate data. Nonetheless, it is considered good given the limited number of loans and percentage of loans with income reported as "Not Available."

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low	22.4	7.5	4	11.8	386	7.2
Moderate	20.2	18.2	5	14.7	519	9.6
Middle	24.1	19.8	7	20.6	1,316	24.5
Upper	33.3	38.8	10	29.4	2,636	49.0
Not Available	0.0	15.7	8	23.5	524	9.7
Totals	100.0	100.0	34	100.0	5,380	100.0
Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Community Development Loans

The bank made a low level of community development loans in the assessment area during the evaluation period. Specifically, the institution originated 1 community development loan totaling approximately \$5.5 million that revitalized and stabilized an area. Nonetheless, the performance is better than the previous evaluation, at which time the bank did not originate any community development loans in the assessment area.

INVESTMENT TEST

First International Bank & Trust demonstrated good performance under the Investment Test in the Central Minnesota Assessment Area. This conclusion is primarily based on the level of investment and grant activity.

Investment and Grant Activity

The bank has a significant level of qualified community development investments and grants in the assessment area. The bank made 21 qualified community development investments and grants totaling \$2.7 million during the evaluation period, all of which supported community services or revitalization and/or stabilization efforts. Three of the activities were prior period investments totaling \$2.5 million, while the remaining 18 were donations. This includes one investment that was not provided for consideration at the previous evaluation. Despite the additional investment provided for the current evaluation, the number and dollar volume of qualified investments decreased from the previous evaluation at which time the bank had 26 qualified investments that totaled \$3.5 million. However, the dollar volume of investments in this assessment area represents nearly 12.0 percent of the bank's total qualified community development investments. Furthermore, this does not reflect Regional investments that benefited a broader area that included this assessment area.

Responsiveness to Credit and Community Development Needs

The institution exhibits adequate responsiveness to credit and community development needs in the assessment area, which is reflected through the bank's qualified investments that supported community services and revitalization/stabilization initiatives in the assessment area.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in the Central Minnesota Assessment Area. Performance under the criterion described below support this conclusion.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 2 branches in the area. Based on 2015 ACS data, the branches were in moderate-income census tracts; however, with the updated 2020 Census data, these geographies are now middle-income census tracts. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

No changes were made with regard to opening and/or closing branches during the evaluation period. Therefore, the bank's record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and/or individuals.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low-and moderate-income geographies and/or individuals, and are consistent with the bank's overall performance.

Community Development Services

The institution provides an adequate level of community development services within the Central Minnesota Assessment Area. One bank employee provided 12 instances of financial expertise or technical assistance. The services were to 3 different organizations that promote economic development initiatives. While the number of instances is less than the prior evaluation, at which time 21 instances were reported, it is still adequate.

HENNEPIN COUNTY MINNESOTA ASSESSMENT AREA – Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE HENNEPIN COUNTY MINNESOTA ASSESSMENT AREA

This assessment area includes all of Hennepin County, which comprises a portion of the Minneapolis-St. Paul-Bloomington, MN-WI MSA in southeastern Minnesota. As noted earlier, this is a new assessment area since the previous evaluation. According to 2015 ACS data, the assessment area consists of 31 low-, 64 moderate-, 116 middle-, 85 upper-income census tracts, as well as 3 census tracts with no income designation. Census data from 2020 reflects the area as having 26 low-, 69 moderate-, 109 middle, and 117 upper-income geographies in addition to 8 census tracts with no income designation. The bank currently operates 1 branch (Edina) in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Hennepin County Minnesota Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	299	10.4	21.4	38.8	28.4	1.0

Median Family Income - Minneapolis-St. Paul-Bloomington, MN-WI MSA		\$84,589	Median Housing Value			\$249,469
		Median Gross Rent			\$978	
		Families Below Poverty Level			8.1%	
Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

Management indicated that the area is the central hub for private sector employers followed by public sector companies. Hennepin County is home to several higher education institutions, as well as two major hospitals that employ a substantial number of individuals. Management also noted that the area has strong competition for financial services, but added that there are many nonprofit and Community Development Financial Institution (CDFI) resources in the area.

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 46.5 percent; followed by non-classifiable establishments at 21.8 percent; and finance, insurance and real estate at 11.4 percent. The same data indicates that area businesses and farms are predominantly small operations with 92.1 percent operating from a single location and 61.9 percent of them employing less than 5 individuals.

The following table reflects the 2021 FFIEC-estimated median family income levels for the Minneapolis-St. Paul-Bloomington, MN-WI MSA, which are used in the Borrower Profile analysis.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$100,600)	<\$50,300	\$50,300 to <\$80,480	\$80,480 to <\$120,720	≥\$120,720
Source: FFIEC				

Competition

Competition for financial services is high in this assessment area. According to June 30, 2022 FDIC Deposit Market Share data, 72 FDIC-insured financial institutions operate 269 offices within Hennepin County. First International Bank & Trust ranked 65th with a deposit market share of 0.02 percent, which would be expected given that the bank's branch just opened in August 2021. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

The institution also faces significant competition for small business loans as evidenced by 2021 aggregate CRA data, which shows that 181 CRA data reporters collectively reported 39,051 small business loans within the county. Of these institutions, First International Bank & Trust ranked 49th with 0.07 percent of the market share by number. These figures do not include loans originated by smaller institutions that are not required to report small business lending data but that operate within the assessment area.

There is also significant competition for home mortgage loans. In 2021, 572 HMDA-reporting institutions originated or purchased 81,241 home mortgage loans in Hennepin County. First International Bank & Trust ranked 246th with a 0.01 percent market share by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Community Contact

Examiners reviewed information from a previously conducted interview with a representative from a community development organization that serves several counties in the metropolitan area. The contact stated that the local economy has improved and stabilized since the pandemic and added that most businesses in the area have improved, with some businesses expanding or starting up; however, employers continue to struggle to hire skilled workers. The contact also noted that lending standards, regulatory limits, and credit education are challenges that businesses and consumers face in the community. The individual noted that local community banks are in a very competitive market for loans and interest rate movements between financial institutions contribute to the competitive market. The contact identified small business loans as the primary credit need in the area and added that local lenders, especially SBA lenders, have been responsive in helping to meet the credit needs. Finally, the contact stated that there are no unmet credit needs due to the fierce competition among financial institutions and added that financial institutions have been responsive to the credit needs of the area.

Credit and Community Development Needs and Opportunities

Considering information from the community contact, bank management, and demographic and economic data, examiners determined that commercial and home mortgage lending are the primary credit needs within the assessment area. Furthermore, the assessment area's community development needs are primarily related to economic development, affordable housing, and community services.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE HENNEPIN COUNTY MINNESOTA ASSESSMENT AREA

LENDING TEST

First International Bank & Trust demonstrated adequate performance under the Lending Test in the assessment area. The bank's adequate performance under lending activity and geographic distribution primarily supports this conclusion. Performance under borrower profile was good; however, the lack of community development loans offset the performance.

Lending Activity

The bank's lending activity reflects adequate responsiveness to the credit needs of the assessment area. In 2021, the bank originated or purchased 46 small business, small farm, and home mortgage loans totaling \$11.1 million in the assessment area. This accounts for 0.8 percent of the total loans reviewed, by number, in 2021. The lower volume would be expected given that the bank was new to the area in 2021. Deposit volume for 2021 was not readily available due to the bank's entrance into the metropolitan market in the fall of 2021.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. This is primarily supported by the bank's adequate small business lending, which was given the greatest weight in drawing conclusions. The institution's adequate home mortgage lending was also considered, but given less weight in drawing conclusions.

Small Business Loans

The geographic distribution of small business loans reflects adequate dispersion throughout the assessment area. As indicated in the following table, the bank's record of originating small business loans in low- and moderate-income geographies, by number, is generally in-line with demographic and aggregate data. However, given that the bank was new to the metropolitan market in 2021, the volume of reported small business loans for that year is low. As such, examiners reviewed the volume of reported small business loans originated in 2022, however, the volume reported for that year was only 13 small business loans, which reflects a decrease of more than 50.0 percent from 2021. Of the 13 reported small business loans originated in the assessment area in 2022, none were in low-income census tracts and 2 were in moderate-income census tracts. While aggregate data is not yet available for 2022, the bank's performance of originating small business loans in low- and moderate-income census tracts in 2022 is comparable to demographic data for that year. Given this information, the bank's performance is considered reasonable.

Geographic Distribution of Small Business Loans						
Tract Income Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
Low	7.2	7.6	3	10.7	112	2.2
Moderate	15.5	15.7	4	14.3	678	13.2
Middle	38.9	37.6	11	39.3	2,550	49.6
Upper	37.7	38.7	10	35.7	1,805	35.1
Not Available	0.6	0.4	0	0.0	0	0.0
Totals	100.0	100.0	28	100.0	5,145	100.0
<i>Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects adequate penetration throughout the assessment area when compared to aggregate data. As shown in the following table, the bank did not originate any home mortgage loans in low-income geographies and only 1 home mortgage loan in moderate-income geographies. Given that the bank was new to the market in 2021, the overall volume of home mortgage loans originated in the assessment area is low, resulting in a limited analysis. Examiners reviewed the bank's performance for 2022 and compared it to Census data since aggregate data is not yet available. Although the volume was low in 2022 as well, the bank's performance was reasonable.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low	3.3	3.7	0	0.0	0	0.0
Moderate	14.7	14.3	1	8.3	265	5.1
Middle	40.8	38.6	3	25.0	1,012	19.5
Upper	41.0	43.2	8	66.7	3,901	75.3
Not Available	0.2	0.2	0	0.0	0	0.0
Totals	100.0	100.0	12	100.0	5,177	100.0
Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Borrower Profile

The distribution of borrowers reflects good penetration among business customers of different sizes and retail customers of different income levels. The bank's excellent small business performance, which received the greatest weight in the analysis, primarily supports this conclusion. While home mortgage lending is not a primary focus of the institution, the adequate home mortgage lending offset this performance.

Small Business Loans

The distribution of borrowers reflects excellent penetration among businesses with gross annual revenues of \$1 million or less when compared to aggregate data, as depicted in the following table.

Distribution of Small Business Loans by Gross Annual Revenue Category						
Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	\$(000s)	%
<=\$1,000,000	87.5	48.9	23	82.1	3,843	74.7
>\$1,000,000	4.9	--	5	17.9	1,302	25.3
Revenue Not Available	7.6	--	0	0.0	0	0.0
Totals	100.0	100.0	28	100.0	5,145	100.0
Source: 2021 D&B Data; 2021 CRA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%						

Home Mortgage Loans

As shown in the following table, the distribution of borrowers reflects adequate penetration among low- and moderate-income borrowers when compared to demographic and aggregate data. However, 2015 ACS data reports that 8.1 percent of families in the assessment area live below the poverty level and may have difficulties in qualifying for a home mortgage loan. Furthermore, 8.3 percent of the bank's reported loans were reported as income "Not Available" which, in turn, skews the bank's performance of lending in all borrower income level categories. These loans reflect HMDA-reportable transactions that are not subject to income reporting requirements, such as multi-family dwellings, loans to non-natural persons, or purchased loans. Finally, home mortgage lending is not a primary focus of the institution.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%
Low	21.8	8.0	0	0.0	0	0.0
Moderate	16.3	19.0	1	8.3	165	3.2
Middle	20.0	20.0	1	8.3	176	3.4
Upper	41.8	36.8	9	75.0	4,447	85.9
Not Available	0.0	16.2	1	8.3	390	7.5
Totals	100.0	100.0	12	100.0	5,177	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Community Development Loans

The bank did not originate any community development loans in the assessment area during the current or prior evaluation period. Bank management stated that the area has strong competition, and while management has been in contact with CDFIs and nonprofits in the area, they have not been able to secure any community development loans.

INVESTMENT TEST

First International Bank & Trust demonstrated good performance under the Investment Test in the Hennepin County Minnesota Assessment Area. This conclusion is primarily based on the level of investment and grant activity.

Investment and Grant Activity

First International Bank & Trust has a significant level of qualified community development investments and grants in the assessment area considering that this is a new market for the bank. The institution made 2 qualified investments totaling approximately \$2.2 million that promoted community service initiatives. While the number of qualified investments is minimal and these reflect prior period investments made before the bank entered the metropolitan market, the amount represents nearly 10.0 percent of the bank's total qualified community development investments. Furthermore, this does not reflect Regional investments, some of which benefited a broader area that included this assessment area.

Responsiveness to Credit and Community Development Needs

The institution exhibits adequate responsiveness to credit and community development needs in the assessment area, which is reflected through the bank's investments that promotes an identified community development need in the area.

Community Development Initiatives

First International Bank & Trust rarely uses innovative and/or complex investments to support community development initiatives in the assessment area. While the bank's investments are beneficial to assessment area needs, they are not necessarily innovative or complex.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in the assessment area. While the level of community development services is limited, the other performance factors helped offset that criterion.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 1 full-service branch in the assessment area. The office was located in a middle-income geography based on 2015 ACS data; however, in conjunction with the 2020 Census, the census tract was re-classified as a moderate-income geography. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

The institution's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies and/or to low- and moderate-income individuals. As indicated earlier, the bank opened a full-service office in Hennepin County in August 2021. Given that the new location was in a middle-income census tract surrounded by middle-income geographies, the branch opening did not adversely affect the accessibility of its delivery systems in low- or moderate-income geographies and/or to low- and moderate-income individuals.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low-and moderate-income geographies and/or individuals, and are consistent with the bank's overall performance.

Community Development Services

The institution provides a limited level of community development services within the assessment area. Specifically, 1 bank employee provided 3 instances of financial expertise or technical assistance to an organization that promotes community service initiatives. Although a lower level of service would be expected given the recent expansion into an area with strong competition from other financial institutions, management noted that there are many nonprofit and CDFI resources that are accessible in the metropolitan area.

SOUTH DAKOTA

CRA RATING FOR SOUTH DAKOTA: SATISFACTORY

The Lending Test is rated: High Satisfactory

The Investment Test is rated: Low Satisfactory

The Service Test is rated: Low Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN SOUTH DAKOTA

First International Bank & Trust's only assessment area in South Dakota includes all of Lincoln, McCook, Minnehaha, and Turner counties in South Dakota, which comprises the entire Sioux Falls, SD MSA. As noted earlier, this assessment area is new since the previous evaluation. According to 2015 ACS data, the assessment area consists of 17 moderate-, 28 middle-, and 12 upper-income geographies. Census data for 2020 reflects the area as having 2 low-, 16 moderate-, 33 middle, and 12 upper-income census tracts, as well as 1 census tract with no income designation. The bank currently operates 1 branch in the assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Sioux Falls SD MSA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	57	0.0	29.8	49.1	21.1	0.0

Median Family Income - Sioux Falls, SD MSA		\$72,948	Median Housing Value			\$157,049
			Median Gross Rent			\$720
			Families Below Poverty Level			7.1%
Source: 2015 ACS and 2021 D&B Data; Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

Bank management noted that the Sioux Falls economy is centered on healthcare, finance, and retail trade. Two private hospitals employ more than 10 percent of the working population, while the school district, which serves over 23,000 students, is the largest public sector employer. Management indicated that the area is highly competitive for financial services and noted that there are many nonprofit and CDFI resources in the assessment area.

D&B data for 2021 indicates that services represent the largest portion of business and farm operations at 33.0 percent; followed by non-classifiable establishments at 22.2 percent; and finance, insurance and real estate at 12.6 percent. The same data indicates that area businesses and farms are predominantly small operations with 91.7 percent operating from a single location with 62.0 percent of them employing less than 5 individuals.

The following table reflects the 2021 FFIEC-estimated median family income levels for the Sioux Falls, SD MSA, which are used in the Borrower Profile analysis.

Median Family Income Ranges				
Median Family Incomes	Low <50%	Moderate 50% to <80%	Middle 80% to <120%	Upper ≥120%
2021 (\$82,500)	<\$41,250	\$41,250 to <\$66,000	\$66,000 to <\$99,000	≥\$99,000
<i>Source: FFIEC</i>				

Competition

The Sioux Falls, SD MSA is highly competitive for financial services. According to June 30, 2022 FDIC Deposit Market Share data, 40 FDIC-insured financial institutions operate 135 offices within the MSA. First International Bank & Trust ranked 33rd with a deposit market share of 0.0 percent, which would be expected given that the bank's branches were just opened in 2021. This data does not include competition from non-FDIC insured entities, such as credit unions, which are not included in the report.

The institution also faces significant competition for home mortgage loans within the assessment area. In 2021, 243 HMDA-reporting institutions originated or purchased 18,297 home mortgage loans in the MSA. First International Bank & Trust ranked 19th with a 1.8 percent market share by number. These figures do not include loans originated by non-HMDA reporters and non-bank entities, such as mortgage companies.

Credit and Community Development Needs and Opportunities

Considering information from bank management, as well as demographic and economic data, examiners determined that commercial and home mortgage lending are the primary credit needs within the MSA. Community development needs are primarily related to economic development and affordable housing.

SCOPE OF EVALUATION – SOUTH DAKOTA

Examiner review for South Dakota was limited to home mortgage lending since this is the focus in the assessment area. Refer to the overall Scope of Evaluation section for additional information.

CONCLUSIONS ON PERFORMANCE CRITERIA IN SOUTH DAKOTA

LENDING TEST

First International Bank & Trust demonstrated good performance under the Lending Test in the Sioux Falls, SD MSA. The bank had good performance under Lending Activities. While Borrower Profile and Community Development Lending were excellent, this performance was offset by the adequate performance under Geographic Distribution.

Lending Activity

The bank's lending activity reflects good responsiveness to the credit needs of the assessment area given the recent entrance into the market. In 2021, the bank originated or purchased 328 small business, small farm, and home mortgage loans totaling \$82.8 million in this assessment area, 98.8 percent of which were home mortgage loans by number and 99.1 percent by dollar volume. This accounts for 5.5 percent of the total loans reviewed, by number, in 2021. Deposit volume for 2021 was not readily available since the bank entered the market mid-year.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. This is supported by the bank's adequate home mortgage lending.

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects adequate penetration throughout the assessment area. As reflected in the following table, the bank's performance in lending in moderate-income census tracts is slightly above aggregate data.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Moderate	20.0	15.0	53	16.4	9,365	11.4
Middle	55.3	52.4	181	55.9	43,894	53.5
Upper	24.8	32.6	90	27.8	28,797	35.1
Totals	100.0	100.0	324	100.0	82,056	100.0
<i>Source: 2015 ACS; 2021 HMDA Aggregate Data; Bank Data; "--" data not available; Due to rounding, totals may not equal 100.0%</i>						

Borrower Profile

The distribution of borrowers reflects excellent penetration among retail customers of different income levels. The bank's excellent home mortgage lending performance supports this conclusion.

Home Mortgage Loans

As depicted in the following table, the distribution of borrowers reflects excellent penetration among low- and moderate-income borrowers when compared to aggregate data.

Distribution of Home Mortgage Loans by Borrower Income Level						
Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	\$(000s)	%

Community Development Loans

The bank is a leader in making community development loans in the assessment area. Specifically, the bank originated two community development loans totaling approximately \$66.4 million. This represents nearly half (42.8 percent) of the bank's total community development loans by dollar volume. It is particularly noteworthy since the bank is new to this market.

INVESTMENT TEST

First International Bank & Trust demonstrated adequate performance under the Investment Test in South Dakota. This conclusion is primarily based on the adequate level of investment and grant activity, as well as responsiveness to credit and community development needs.

Investment and Grant Activity

First International Bank & Trust has an adequate level of qualified community development investments and grants in the Sioux Falls, SD MSA. While the bank only made 1 qualified donation totaling \$10,000 that promotes affordable housing initiatives in the assessment area, it is adequate considering that this is a new market for the institution. Furthermore, this does not reflect Regional investments, some of which benefited a broader area that included this assessment area.

Responsiveness to Credit and Community Development Needs

The bank exhibits adequate responsiveness to credit and community development needs in the assessment area, which is reflected through the bank's investments that promote affordable housing, which is an identified need in the area.

Community Development Initiatives

First International Bank & Trust rarely uses innovative or complex investments to support community development needs in South Dakota considering the available opportunities and investment capacity of the bank.

SERVICE TEST

First International Bank & Trust demonstrated adequate performance under the Service Test in the Sioux Falls, SD MSA. While changes in branch locations has adversely affected the accessibility of the bank's delivery systems and community development services are limited, the other performance factors helped offset that performance.

Accessibility of Delivery Systems

The institution's delivery systems are reasonably accessible to essentially all portions of the assessment area. The bank operates 1 full-service branch (Sioux Falls) in the assessment area. The office was located in a moderate-income geography based on 2015 ACS data; however, 2020 Census data indicates the census tract as a middle-income geography. Furthermore, alternate delivery systems, such as ATMs and online banking provide further access to bank services and are consistent with those discussed in the overall performance.

Changes in Branch Locations

The institution's opening and closing of branches has adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies and/or to low- and moderate-income individuals. As indicated earlier, the bank entered the South Dakota market in 2021 when it acquired a mortgage broker company in Sioux Falls. The office that was acquired through this transaction was located in an upper-income geography and near two moderate-income census tracts. Shortly thereafter,

the bank secured another office in a moderate-income census tract approximately three miles away and began renovating the space. In May 2023, the bank closed the originally-acquired office which, based on 2020 Census data, was still in an upper-income census tract, but adjacent to a moderate-income geography. This closure reduced access to businesses and individuals in and around the area, as well as reducing the number of locations in a metropolitan area that has a population of more than 200,000 people.

Reasonableness of Business Hours and Services

Services and business hours do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies and/or individuals. This performance is consistent with the bank's overall performance.

Community Development Services

The institution provides a limited level of community development services. Specifically, 2 bank employees provided 4 instances of financial expertise or technical assistance to 2 organizations that promote community service or economic development initiatives. Given that this is a new assessment area with strong competition for such activities, a lower level of community development services is to be expected. Nonetheless, the level of community development services provided by comparable institutions operating in the assessment area indicates that numerous opportunities are available.

APPENDICES

LARGE BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the FDIC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, other secured, and other unsecured. The bank's lending performance is evaluated pursuant to the following criteria:

- 1) The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area;
- 2) The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:
 - i. The proportion of the bank's lending in the bank's assessment area(s);
 - ii. The dispersion of lending in the bank's assessment areas(s); and
 - iii. The number and amount of loans in low-, moderate-, middle- and upper-income geographies in the bank's assessment area(s);
- 3) The distribution, particularly in the bank's assessment area(s), of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:
 - i. Home mortgage loans low-, moderate-, middle- and upper-income individuals
 - ii. Small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less;
 - iii. Small business and small farm loans by loan amount at origination; and
 - iv. Consumer loans, if applicable, to low-, moderate-, middle- and upper-income individuals;
- 4) The bank's community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and
- 5) The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- and moderate-income individuals or geographies.

Investment Test

The Investment Test evaluates the institution's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s). Activities considered under the Lending or Service Test may not be considered under the investment test. The bank's investment performance is evaluated pursuant to the following criteria:

- 1) The dollar amount of qualified investments;
- 2) The innovativeness or complexity of qualified investments;
- 3) The responsiveness of qualified investments to available opportunities; and
- 4) The degree to which qualified investments are not routinely provided by private investors.

Service Test

The Service Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of its community development services.

The bank's retail banking services are evaluated pursuant to the following criteria:

- 1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper-income geographies;
- 2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;
- 3) The availability and effectiveness of alternative systems for delivering retail banking services (e.g., RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and
- 4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

The bank's community development services are evaluated pursuant to the following criteria:

- 1) The extent to which the bank provides community development services; and
- 2) The innovativeness and responsiveness of community development services.

SUMMARY OF RATINGS FOR RATED AREAS

Rated Area	Lending Test	Investment Test	Service Test	Rating
Fargo, ND-MN MSA	Low Satisfactory	Low Satisfactory	Low Satisfactory	Satisfactory
North Dakota	Low Satisfactory	Low Satisfactory	High Satisfactory	Satisfactory
Arizona	Low Satisfactory	High Satisfactory	Low Satisfactory	Satisfactory
Minnesota	High Satisfactory	High Satisfactory	Low Satisfactory	Satisfactory
South Dakota	High Satisfactory	Low Satisfactory	Low Satisfactory	Satisfactory

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose bank:
 - (i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into "male householder" (a family with a male householder and no wife present) or "female householder" (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (for example, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (for example, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (for example, geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as non-MSA): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

FAMILY OWNED FOR OVER 115 YEARS

WHAT IT MEANS TO LIVE FIRST

First International Bank & Trust (FIBT) is a full-service, family-owned independent community bank built on the bond between our employees and customers. Founded in 1910 as Farmers State Bank, we served the small community of Arnegard, North Dakota and have since expanded to rural and urban communities across Arizona, Minnesota, North Dakota and South Dakota.

Throughout our 100+ years in business, we've learned many valuable lessons. The economy has bloomed, boomed, crashed, and cycled time and time again. Technology has evolved and changed our day-to-day operations. With these cycles and changes, we've adopted new ways of doing things and remained nimble in our approach to lending, and the way we do business. FIBT takes pride in our relationship-based business model and the way we build long-term trust with our customers.

Part of our success and longevity comes from diversifying our assets through specialized divisions such as Kotapay or MineralTracker® which protects us from the ebbs and flows of market conditions and demands. In April 2023, Kotapay, our electronic payments division, celebrated its 30th year of providing fast, accurate electronic transaction services and continues to serve more than 107,000 companies nationwide.

At FIBT, our guiding principle is "Live First" and we do everything in our power to help you do that. When people hear the word bank, they often think of checking accounts, savings accounts, and loans, but we offer so much more, including business banking, commercial loans, mortgage loans, agricultural loans, and treasury management. Whether it's moving into your dream home, taking your business to the next level, or saving for your child's college education, we are here to help make it happen!

FULL SERVICE COMMUNITY BANKING

PERSONAL BANKING

- Checking/Savings
- Health Savings Accounts (HSAs)
- Higher Learning Funds
- Money Market
- IRAs (Individual Retirement Accounts)
- Certificates of Deposit (CDs)
- Credit Cards

YOU CAN'T BE EVERYWHERE, BUT YOUR MONEY CAN

We're not just available at your local branch. Whether it's in your living room or on the go, your money is as close as your nearest device.

- Manage your accounts with online banking.
- Bank on the go with our mobile app.
- Deposit checks with your mobile device using Mobile Check Deposit.
- Pay your bills with online Bill Pay.
- Use Zelle, our person-to-person payment partner, to simply send or receive money via an email address or phone number.

Web or internet access may be needed to use these services. You may be charged an access fee by your provider based on your plan. Please check with your provider for details on specific fees and charges.

POWERED BY **PURPOSE**

TWO THOUSAND TWENTY FOUR **ANNUAL REPORT**

A MESSAGE FROM

STEPHEN L. STENEHJEM

OUTGOING CEO/CURRENT CHAIRMAN
FIRST INTERNATIONAL BANK & TRUST

As I reflect on the past year, I am filled with gratitude for your continued trust in our bank. Together, we achieved something extraordinary: 2024 currently stands as the most successful year in our bank's proud history. Through purposeful efforts, we achieved a record year for net income, supported by a disciplined focus on deposit gathering that strengthened our balance sheet – and more importantly, deepened our ability to serve our communities for years to come. Our deposits have outpaced loan growth, a deliberate strategy to ensure we remain a fortress of stability in an ever-changing financial landscape.

The banking environment in 2024 presented unique challenges and opportunities. Community banks like ours continue to play a vital role in America's financial ecosystem, offering personalized service and a commitment to local businesses and families that large institutions

simply can't replicate. Nationwide inflationary pressures have eased, but the ripple effects of rising costs over the past two years still present challenges for many households. Our success this year underscores our steadfast commitment to being a source of reliability and support for you, our customers.

Every decision we make is guided by our desire to ensure the long-term health of our bank and the communities we serve. This year, we made the difficult but necessary decision to streamline our operations by selling First International Insurance to World Insurance Associates LLC, a top-50, full-service insurance brokerage. We were proud to offer insurance services for over 100 years, but we believe our customers will be better served with World as they are able to provide robust offerings to the growing needs for personal and commercial insurance in our

communities. Through this divestiture, all First International Insurance employees were welcomed as World employees, and we wish them the best as they continue to serve our clients.

Our Board of Directors and Executive Team also took a constructive view of the investments landscape and made the decision to discontinue offering investment services. We explored several opportunities and are excited for the team to have new avenues to expand and prosper. A few of our Investment Advisors are starting their own independent businesses through LPL Financial, while others are venturing out into new places.

These changes allow us to focus on what we do best: offering exceptional banking services tailored to your needs. By staying true to our core mission, we've positioned ourselves for sustained growth and resilience.

This year is also personally significant to me as I passed the torch to the next generation of leadership. After decades at the helm, I'm proud to announce that my son Peter has stepped into the role of CEO. As the fourth generation to lead this family business, he brings fresh energy, a deep understanding of our values, and an unwavering commitment to our community. While I'm taking a step back from daily operations, I'm confident in Peter's ability to carry forward the legacy we've built together. I will remain at the bank as Chairman of the Board and will continue to provide guidance as needed.

Our success this year is not ours alone – it is shared with you, our customers. Your loyalty and partnership inspire us to continuously improve and to invest in the future of the community. Thank you for being an integral part of our journey.

THANK YOU

For 115 years, First International Bank & Trust has developed a bond between our employees and our customers. We currently serve a wide range of rural and urban communities across North Dakota, South Dakota, Minnesota, and Arizona. On behalf of the Stenehjem family, thank you for your continued support. We remain committed to those relationships we've worked so hard to build and to our values that have helped us get to where we are today.

OUR MISSION

To be nationally recognized as a community bank whose innovation and drive for excellence is propelled by the best financial experts with a heart.

OUR VISION

Our customers leave feeling like family.

OUR VALUES

Own the Choices You Make
 Speak Up Respectfully
 Make Decisions with Integrity
 Take Pride in Your Work
 Act Like Your Ride is Waiting

PURPOSE THROUGH TRADITION

Since our humble beginnings in 1910, First International Bank & Trust has been owned and operated by the same family. That's one of the things that makes us unique. The bank has experienced so much in the past 114 years – economic booms and busts, two World Wars, major technological innovations – and through it all, we've been able to take pride in our relationship-based business model and build long-term trust with our customers. The Stenehjem Family is committed to the communities we serve and looks forward to leading the bank for many years to come.

S. PETER STENEHJEM, ERIK STENEHJEM,
KRISTEN STENEHJEM,
KIRA NOLL

WELCOME TO THE **2024 ANNUAL REPORT**

I'm honored and excited for this next chapter as CEO. I have a deep sense of gratitude to my mom and dad and the support of my siblings as well. I'm proud to partner with my brother Erik and my sisters Kira and Kristen to continue the work our family started. It's a privilege to partner with them toward the common purpose of seeing our company be a success for many generations to come.

As we continue into 2025, I'd like to reinforce the importance of our roots and the legacy we have been building on since our humble beginnings in 1910. It's not just about me stepping into a new role; it's about all of us moving forward together, embracing new opportunities, and continuing to grow and succeed. I say this a lot, but I believe the future is bright. I'm so thankful for the privilege to lead this organization into that future.

This year, First International Bank & Trust celebrates its 115th anniversary. Over the past century plus, we've formed strong relationships with our customers and served communities across North Dakota, South Dakota, Minnesota, and Arizona. We're grateful for everyone who has banked with us and become an essential part of our organization's legacy of community banking.

Thank you for being part of this journey. I'm truly excited about what's ahead.

S. Peter Stenehjem

Incoming CEO of First International Bank & Trust

A NOTE OF GRATITUDE

We are thrilled to see where the fourth generation of Stenehjem leadership takes First International Bank & Trust.

- Steve & Gretchen Stenehjem

PURPOSE THROUGH **SOLUTIONS**

At First International Bank & Trust, our purpose is clear: to empower our customers and communities by providing financial solutions that make a meaningful impact. Whether it's helping a local farmer secure the right agricultural loan, guiding a business owner through commercial banking strategies, or ensuring families find the perfect mortgage for their dream home, we are committed to delivering personalized service with expertise and care. Every financial decision is an opportunity to support growth, stability, and success – both for our customers and the communities we serve.

RETAIL BANKING

Our Retail Banking division remains the cornerstone of our commitment to serving individuals and families in our community. Whether it's through personalized checking and savings accounts or tailored loan solutions, it means the world to us to help our customers with their everyday financial lives. From joining the MoneyPass® network and increasing access to ATMs to facilitating everyday transactions and giving people the tools to manage their personal finances, 2024 was another step forward in efficiency and convenience.

COMMERCIAL BANKING

Most of our markets experienced slower commercial lending activity as developers and businesses adjusted to higher costs and interest levels, as well as economic and political uncertainty. As interest rates have fallen and economic confidence is returning, we anticipate renewed activity and lending opportunities. Our teams continue to focus on long term relationships with commercial clients and providing tailored financial solutions that address specific challenges and propel growth.

TREASURY MANAGEMENT

Our Treasury Management team provides tailored solutions to our business clients so they can effectively manage and protect their deposits. By reviewing a company's deposit analysis and behaviors, we can provide individual companies with solutions that best suit their needs. Even if our entire suite of products isn't a fit for your business, we can piece together an individualized plan that will help ensure you are generating internal efficiencies, capitalizing on your funds, and keeping your hard earned assets protected.

This year, we embraced more than 200 new Treasury Management clients. We continued to develop efficiencies within our processes which allowed our team to reallocate hundreds of hours toward serving our customers at a higher level than ever before.

MORTGAGE

Our mortgage team helped more than 1,100 families with their dreams of homeownership in 2024 (a 10% increase from 2023) and they did so more efficiently and effectively than ever before. We believe that the best experience for our customers comes when we can provide a mortgage loan that is serviced by FIBT and has payments coming from an FIBT account. To move toward this goal, we focused on growing our banking relationships with our mortgage customers. Through a coordinated plan that included partnerships with our retail team members, automation in our process, and elevated reporting, we were able to provide key banking services to more customers.

GROWTH WITH
PURPOSE

1,100+
FAMILIES
Obtained Home Loans

33% Increase
Treasury Revenue

200 NEW
Treasury Clients

AGRICULTURE

FIBT agriculture producers experienced variable results in 2024 depending largely on geographic location. Western North Dakota struggled with dry conditions for much of the growing season while central and eastern North Dakota, Minnesota, and South Dakota experienced record crop production. Commodity prices for corn and wheat felt downward pressure, soybean markets declined later in the year while edible beans, oil seed, and pulse crops provided better returns. Cattle prices are at record levels and hardworking livestock producers enjoyed

profitability throughout the year. FIBT was pleased to see 15% agricultural production loan growth and more than 10% growth in agriculture real estate loans.

WEALTH MANAGEMENT*

Our Wealth Management division had a record year and continued to help our clients create, preserve, and grow their wealth. Our team has expertise in retirement planning, estate planning, and college funding, and is able to help with the moments that matter most.

*Not FDIC or any Federal Agency Insured | No Bank Guarantee | May Lose Value

MINERAL & LAND SERVICES*

Our comprehensive range of mineral and land services bolstered by our innovative MineralTracker® software, empowers owners to cultivate and safeguard their financial legacy. Embracing diverse experience in the industry, we merge knowledge and groundbreaking technology to serve a broad spectrum of clients. Our clientele spans across the globe, encompassing both institutional and individual visionaries. Throughout the years, we've gained incredible exposure to understanding the issues and needs of mineral owners across the state as we currently manage assets under 90% of the oil and gas wells in North Dakota as well as one million gross acres.

2024 was a big year for our Mineral & Land Services Team. Our Mineral Management portfolio grew through some big accounts and MineralTracker expanded its services to cover the state of Montana, allowing us to serve even more mineral owners. Since 2020, we have recovered more than \$6.5 million in suspended funds for our clients (including more than \$1.1 million in the past year), putting more money in their pockets.

Mineral Land Services' Client Suspended Funds

PURPOSE THROUGH INNOVATION

2024 was another record year for our payments division, Kotapay. By processing more than 64 million transactions totaling more than \$103 billion, Kotapay once again solidified FIBT's position as a top-50 ACH originator. It was also an exciting year when it came to growth and innovation. In addition to the launch of our Kavinu platform, we integrated our credit and debit card teams, grew our merchant acquiring business, and strengthened our management team with key hires in Product Strategy and Risk Management.

KAVINU™: REIMAGINING EMBEDDED PAYMENTS

Kavinu is FIBT’s response to a banking as a service (BaaS) model ripe for disruption and in need of stability. The platform is a developer-friendly, API-driven technology hub built on our existing systems that are already supporting payment processing at significant scale. Structurally, the platform is designed to eliminate unnecessary middleware providers and elevate the role of the bank. Kavinu is built on a foundation of more than a century of banking experience and stability from First International Bank & Trust. Kavinu clients will create and innovate with confidence knowing their fintech solution is built on proven technology and with an industry leader.

DOLLARS PROCESSED

LOOKING FORWARD TO 2025

As Kotapay grows consistently year over year, we remain committed to innovating at the speed of our industry. We have already laid the groundwork for expanding our core offerings with products and services that will help our clients differentiate themselves in highly competitive markets. In 2025, we will begin launching a suite of products and services, each of which is integral to our strategic objectives of innovating ahead of competitors and expanding the breadth of our partners relationships.

PURPOSE THROUGH **SERVICE**

Our commitment to service goes beyond banking – it's about making a lasting difference in the communities we call home. Through our Live First Community Giving Campaign, philanthropic initiatives, and dedicated employee volunteer efforts, we invest our time, resources, and passion to support local organizations, schools, and families in need. Whether it's funding critical community programs, supporting nonprofit partners, or rolling up our sleeves to serve, we believe that true success is measured not just in financial growth, but in the positive impact we create together.

LIVE FIRST COMMUNITY GIVING CAMPAIGN

2024 marked the tenth anniversary of our Live First Community Giving campaign – a program which has awarded more than \$250,000 in grants to dozens of nonprofit organizations and community projects. It was a milestone year for the program in many ways:

- More than 225 community organizations from across our four-state footprint applied for grants.
- We awarded a record \$63,000 in grants to 21 nonprofits and community projects, including a \$20,000 grand prize.
- We introduced a new tier of grants, allowing us to support eleven more nonprofits and projects in various categories.

\$20,000 GRAND PRIZE AWARD - CALL TO FREEDOM, SIOUX FALLS, SD

Call to Freedom is a South Dakota-based nonprofit organization whose vision is to provide resources and support for survivors of human trafficking, as well as to educate the community and advocate on behalf of those affected by the crime. Since its founding in 2016, the organization has served more than 1,200 survivors of human trafficking, including 419 clients in 2023 alone.

PHILANTHROPY ACROSS THE FIBT FOOTPRINT

First International Bank & Trust made \$5.5 million worth of charitable contributions across our four-state footprint in 2024. Here are just a few examples of the ways we saw our communities thrive this year:

- The West Fargo Public Library needed a new vehicle to replace its Little Red Reading Bus after it exhibited frequent mechanical and safety issues. FIBT contributed \$65,000 to help the library purchase its new Library on Wheels, allowing the library to expand to year-round services and share the joy of reading with more patrons in West Fargo.
- The McKenzie County Hockey Club serves the Watford City region with recreational and competitive ice hockey opportunities. FIBT contributed \$55,000 to allow for the purchase of a new ice resurfacer to keep the rink smooth for hockey players in western North Dakota.

- The Nest, the new home of the Staples-Motley Cardinals, was unveiled by the Staples-Motley Independent School District in December of 2024. The new gymnasium in rural Minnesota features an impressive new scoreboard and scorer's table made possible by a \$200,000 contribution from FIBT in 2022.
- FIBT pitched in \$12,000 on Giving Hearts Day to help the Jacobson Memorial Hospital Care Center in Elgin, North Dakota purchase much-needed supplies and equipment for hospital patients.

THOUSANDS OF HOURS OF SUPPORT

The spirit of volunteerism remains strong at FIBT. In 2024, our employees logged a total of 6,165 hours of volunteerism. That's nearly 257 days' worth of packing and delivering meals for people in need, raking leaves, picking up trash in our communities, teaching kids about financial literacy, and so much more.

6,165 VOLUNTEER HOURS

By First International Bank & Trust Employees

RECIPIENT OF THE 2024 ODIN AWARD

TRACI WIEBE, SENIOR EXECUTIVE ASSISTANT

Named after Odin Stenehjøm, who founded our bank in 1910, this award is given annually to the employee who best exemplifies FIBT's mission, vision, and values. It recognizes those who execute service at its highest level and inspire those around them.

Traci Wiebe, our 2024 Odin Award recipient, currently serves as Senior Executive Assistant and is based in Fargo. Throughout her career with FIBT, Traci has placed her pursuit of excellence and attention to detail in service of the bank and strongly exemplified servant-leadership. She is the first person to ask, "What can I do to help?" and actually mean it. We are honored to present Traci with this distinguished award and we thank her for the incredible influence she's had on our organization.

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.

11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.

11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.
