To open the account you must deposit at least \$25.00 at the time of account opening.

**To Avoid Imposition of Fees**

To avoid the imposition of the service charge fee you must meet the following requirements: a service charge of \$6.00 will be imposed every calendar quarter if the average daily balance for the calendar quarter falls below \$200.00. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

**Compounding and Crediting**

Frequency - Interest will be compounded every quarter. Interest will be credited every quarter.

If you close your account before interest is credited, you will receive the accrued interest.

**Balance Computation Method-Average Daily Balance**

We use the average daily balance method to calculate interest on your account. This method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

**The period we use is calendar quarter.**

**Accrual of Interest on Noncash Deposits**

Interest begins to accrue no later than the business day we receive credit for the deposit of noncash items (for example, checks).
